**REQUEST FOR AUTHORIZATION TO CONTRACT WITH LABOR SUPPORT UNIT CONSULTANTS AND TEAM LEADERS – R1134 (RA# 2)**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
\$85,000 / \$255,000	Tax Levy	Three Years	None	Request for Proposals (RFP)	No	Requirements

<b>Vendor Name &amp; Address</b>	Linda Carol Palumbo 6 Lake Drive, Woodland Lake Randolph, NJ 07869
----------------------------------	--

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Karen Sardoff Administrative Education Analyst Office of Labor Relations	Naeemah Lamont Director Teacher Performance Unit	Denesia Stroom-Blair Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested to contract with Linda Carol Palumbo, who will serve as the Team Leader in the Labor Support Unit (LSU) and provide ongoing assistance to principals and assistant principals in the evaluation and discipline process for tenured pedagogues. The contract will be active for approximately three years, commencing on or around September 1, 2017 and terminating on or around August 31, 2020.

**DISCUSSION**

A Request for Proposals (RFP) was the preferred procurement method because the service requires vendors to have a working knowledge of the discipline process for pedagogues and prior experience with supervising classroom instruction and improving underperforming pedagogues. Since there is an ongoing need for additional providers, this RFP was open-ended, thus allowing candidates the opportunity to submit proposals upon receiving the required supervisory certification.

The RFP was divided into two components: (1) Labor Support Unit Consultants, and (2) Labor Support Unit Team Leaders. Consultants are assigned to cases involving teachers and other pedagogues who were rated unsatisfactory, and they prepare documentation related to the underperforming personnel. Team Leaders act as liaisons who offer support among the attorneys, Labor Support Consultants, and school administrators. Team Leaders must also have knowledge of New York State Education Law Section 3012-c, passed in May 2010, that reflects changes in how educators throughout New York State are evaluated and supported. Vendors were able to propose for either or both components.

Proposals were evaluated by a three-member committee drawn from the Teacher Performance Unit and the Office of Labor Relations, all of whom have experience working with the LSU Consultants and extensive knowledge of the teacher evaluation process delineated in the teachers' collective bargaining agreement, as well as the New York State Education Law Section 3020-a (3020-a) disciplinary process for tenured pedagogues. Proposals for both LSU Consultants and Team Leaders were scored using the following evaluation criteria: Communication/Interpersonal Skills (50 points), which factored in interview performance, and Demonstrated Effectiveness (50 points). All proposers were required to have a supervisory certificate and submit a writing sample.

Of the 11 candidates who submitted proposals, one proposed for Component 2, Labor Support Consultant Team Leader and the candidate was recommended for award. Five consultants were recommended for award for Component 1 and were submitted for approval on a prior Request for Authorization. No protests were received from these proposers. Additional recommendations for awards will be covered in subsequent RAs should additional providers be required by the program office.

The candidate recommended for award clearly articulated their relevant experience and demonstrated knowledge of the collective bargaining agreement, and has extensive experience as a school supervisor.

All vendors awarded via this solicitation will be compensated a daily rate of \$350 for seven consultant work hours or a pro-rated hourly rate of \$50 as specified in the RFP. The rate will remain in effect for the entire term of the contract. The estimated annual amount for each vendor is \$85,000 annually, \$255,000 for the term of the contract. Hourly rate determined fell within the range of prices paid through competitively procured contracts for comparable services. Accordingly, pricing has been determined to be fair and reasonable.

Although each consultant awarded through this solicitation will be paid identical daily rates, estimated annual amounts for each may vary based on the distribution of assignments.

VENDOR	COMPONENT	ESTIMATED ANNUAL AMOUNT
Linda Carol Palumbo	2	\$85,000

**VENDOR RESPONSIBILITY**

A background check of Linda Carol Palumbo, performed by the New York City Department of Education, including various DOE files, VENDEX, and federal and State databases, found no significant adverse information. Linda Carol Palumbo has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH LEMIRE LLC  
TO PROVIDE BACKGROUND CHECK SCREENING SERVICES**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Estimated Total Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$214,625 / \$643,875	Tax Levy	Three Years	Two 1-Year Extensions	\$429,250	Request for Proposals (RFP)	No	Requirements

<b>Vendor Name &amp; Address</b>	Lemire LLC 80 Broad Street, Suite 1201 New York, NY 10004
----------------------------------	---

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Jay Miller Chief Administrator Vendor Research & Price Analysis Division of Contracts and Purchasing	Susan Dick-McKeon Chief Administrator School Based Procurements Division of Contracts and Purchasing	Sande Pisik Procurement Analyst

**PURPOSE**

Authorization is requested to contract with Lemire LLC (Lemire) to provide background check screening services on potential DOE contract awardees. The requested contract will replace a contract that expired in December 2016.

**DISCUSSION**

Background check screening services are needed to supplement DOE in-house resources. It is necessary to contract for a portion of these services because background checks are often concentrated in procurement cycles and it is more cost effective to use a contracted vendor services on an as need basis.

A Request for Proposals (RFP) was issued in September 2016 and advertised in the City Record and on the DOE website. Eight proposals were received and all met the minimum qualifications.

An evaluation committee, consisting of three members made up of representatives with experience conducting vendor background checks for governmental contracts from the Vendor Research and Price Analysis, Central Office Procurement, and Policy and Public Affairs units within the Division of Contracts and Purchasing (DCP), evaluated the proposals using the following criteria: program plan (25 points), organizational capacity (25 points), demonstrated effectiveness (25 points) and price, where the lowest priced proposal receives the greatest number of points (25 points).

While estimated annual cost varied between the eight proposals, the committee found that the proposers other than Deloitte and Lemire lacked either experience in business entity screening services, did not have adequate resources and/or did not address the RFP's requirements in their overall proposal. In particular, the committee noted the lower priced proposals failed to demonstrate adequate qualified staff, especially for the investigators who would be conducting the background checks, a lack of support staff in place or subcontracted, and satisfactory details regarding how they would conduct comprehensive background checks as required by the RFP.

Ultimately, Lemire, a certified Women-Owned Business (WBE), was selected largely based on its lower price.

Lemire's final pricing for general background check investigations was 40 percent below Deloitte's and its hourly rates for additional follow-up work ranged from 17 to 34 percent lower. Moreover, Lemire's proposed pricing is at or below that of the current contract after allowing for Consumer Price Index (CPI) adjustments. Accordingly, pricing has been determined to be fair and reasonable.

**ESTIMATED ANNUAL COST**

VENDOR	ORIGINAL PROPOSAL	TIER 2 EVALUATION	BEST & FINAL OFFER
Lemire	\$230,000	\$230,000	\$214,625
Deloitte	\$375,875	\$357,081	\$357,081
Lida Strategic Solutions (LSS)	\$ 31,675		
BBG Consulting LLC	\$128,000		
Omni Solutions	\$143,250		
KROLL Associates, Inc.	\$150,125		
Summit	\$211,875		
Kentech Consulting	\$661,550		

Lemire will provide screening of primary vendors, their affiliates, and principal owners/officers, researching various public records databases, including, but not limited to:

- Lexis Nexis or Westlaw – news searches and reports;
- Lexis Nexis search for business and person reports;
- New York State Department of State Division of Corporations;
- New York State Charities Bureau;
- The Vendor Information Exchange System (VENDEX);
- Lists of debarred vendors for the Federal Government (System for Award Management) and the New York State Department of Labor;
- Websites of several government agencies; and
- Additional databases, as necessary.

In addition, Lemire will follow up on noteworthy information by contacting the company being researched and/or the source of the information (e.g., another government agency). Upon completion of the background check, Lemire will also provide the DOE with the results of its research and prepare a brief written report summarizing the findings on each company. Lemire will not be making responsibility determinations for the DOE. Rather, the DOE will use these summaries and the documentation of searches to make the required vendor responsibility determinations.

An RFP was the preferred method of procurement because service providers are required to have extensive experience in performing these sensitive background checks. Vendors’ ability to meet these requirements and their capacity to render these services effectively must be qualitatively evaluated.

**VENDOR RESPONSIBILITY**

Lemire LLC and its principal owners and officers were subject to a full comprehensive background check and no significant adverse information was found. Therefore, the vendor has been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH MULTIPLE VENDORS  
TO PROVIDE SPECIAL EDUCATION RELATED SERVICES FOR SPECIAL NEEDS STUDENTS PLUS GENERAL  
NURSING SERVICES (RFP R1146) – RA # 5**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Option Amounts	Procurement Method	Is Contract Retroactive?	Contract Type
\$4,586,000/ \$13,758,000	Tax Levy / Reimbursable	Three Years	Two 1-Year Options to Renew	\$9,172,000	Request for Proposals (RFP)	No	System-Wide Requirements

<b>Vendor Names</b>	See list below.
---------------------	-----------------

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Michael Van Biema Executive Director Office of Related Services	Michael Van Biema Executive Director Office of Related Services	Denesia Stroom-Blair Lead Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested to contract with the vendors named below to provide special education related services to students with special needs. These services are for preschool (ages 3-5) and school-age (ages 5-21) students pursuant to an approved Individualized Education Program (IEP) by the IEP teams of schools, the Committees on Preschool Special Education, or the Committees on Special Education. This Request for Authorization (RA) also covers nursing services for preschool students pursuant to an approved IEP, as well as short-term school nursing services. These contracts will replace contracts that will expire on August 31, 2017.

**DISCUSSION**

The DOE is mandated by federal and State law, as well as by judgments in the federal court case of *Jose P. v. Sobol*, to evaluate students and to provide special education related services where indicated, including monolingual or bilingual related services. In cases where the DOE is unable to meet this mandate with in-house staff, contracted service providers are used. This RA seeks approval for said providers.

The related services and nursing services to be provided pursuant to contracts awarded via this RFP are as follows:

- Counseling (English, Spanish, and other languages)
- Education Vision Services (English Spanish, and other languages)
- Health Services by Health Aides (English only)
- Health Services by Nurse for School Program (English only)
- Health Services by Nurse for Transportation (English only)
- Hearing Education Services (English, Spanish, and other languages)
- Occupational Therapy (English only)
- Orientation and Mobility Instruction (English only)
- Physical Therapy (English only)
- Sign Language Interpreting (English only)
- Speech Therapy (English, Spanish, and other languages)

An RFP is the preferred method of procurement due to the need to weigh the proposing organizations and the services they offer qualitatively in order to ensure that firms have the necessary experience and capacity to serve students quickly and well. Use of the RFP process allowed the DOE to request further clarification and refinement of proposals prior to making award recommendations. Contracts are necessary for these services because the DOE does not have sufficient capacity to provide all of these integrated services. Providing for awards by individual discipline, district, and language line items allowed minority- and women-owned businesses a better opportunity to compete without significant compromise to pricing and/or overall value.

In order to attract and secure the broadest possible coverage in all disciplines, districts, and languages across the City, the RFP established three vendor tiers:

*Primary vendors* have been determined to offer the best value in meeting the anticipated need of a district or borough and will be given the first opportunity to fill each service request at a negotiated price.

*Secondary vendors*, defined as those with a Primary designation in another district or borough for the same discipline who offered a proposal for the district in question, will be offered the opportunity to fill each request not filled by the Primary vendors within a specified timeframe at a negotiated price, in ascending price order.

*Tertiary vendors*, including both a) all other Primary vendors in the discipline without an award in the district or borough and b) all other vendors who applied for Primary or Tertiary designations and were evaluated as “well qualified” but not designated as a Primary vendor, will be offered the opportunity to fill each request not filled by a Primary or Secondary vendor. Tertiary vendors will be paid the average of their Primary award(s) for the discipline, where applicable, under “a)” above, or for “b)” at their negotiated price for the district or borough, in ascending price order. The Tertiary vendor with the lowest price that offers to fill the assignment will be given the assignment.

The RFP and ensuing contracts will include service level agreements (SLAs) that will ensure timely and high-quality vendor performance consistent with key operational and instructional objectives. Contractors designated as Primary or Secondary may lose such designations if they fail to meet the SLAs. These contracts will also include provisions that facilitate and maximize Medicaid reimbursement, as well as new provisions intended to further improve service in the hardest-to-fill services and districts.

Option years under these contracts have a price adjustment clause based on a Producer Price Index (PPI). Adjustments will be made only for amounts in excess of two percent of the original contract price, so, if the PPI shows a two percent change, then contract prices will change by one percent. There is a parallel provision under which rates will drop when the PPI falls by more than two percent.

The evaluation criteria were: Price (45%), Organizational Capacity (30%), and Demonstrated Effectiveness (25%).

Due to the large number of disciplines and the high volume of proposals, multiple review committees were established consisting of representatives from the Division of Specialized Instruction and Student Support and other relevant DOE staff with relevant subject matter expertise in the assignment, provision, and supervision of the related services covered by the RFP. Committees reviewed each proposal for their assigned discipline and made recommendations for award as Primary or Tertiary vendor. Secondary vendor awards are as described above.

In accordance with the RFP, final award recommendations were made following a review to ensure that vendors' capacities were not overtaxed.

Contract estimates are based on previous usage on the line item being recommended for award to each vendor.

This RFP resulted in a number of vendors proposing unit pricing for pre-school and school-age Related Services for Special Education. Services include Counseling, Occupational Therapy, Physical Therapy, Speech Therapy, Sign Language Interpreting, Hearing Education Services and Health Services by Health Aides. Counseling and Speech Therapy services are available in English and other languages.

This RFP resulted in a number of vendors proposing unit pricing for pre-school and school-age Related Services for Special Education. Services include Counseling, Speech Therapy, Occupational Therapy, Physical Therapy, Sign Language Interpreting and Health Services by Health Aides. Counseling and Speech Therapy services are available in English and foreign languages including Russian, Spanish and Yiddish.

The large number of vendors responding to this RFP created a very competitive market. We compared proposed unit pricing to pricing of vendors providing similar services in current contracts. For preschool and school-age student services, proposed pricing for all vendors was within the range of pricing for current contracts allowing for the Cost Price Index (CPI) for Education and Communication (CPI Series Id: CUUR0100SAE) which increased 3.4% for the period beginning August 2012. As a result of the above, pricing can be determined to be fair and reasonable.

The Office of Auditor General (OAG) has been tasked with determining that all Primary awardees have sufficient financial capacity to perform the services for which they are contracted. All vendors, except for White Glove Community Care, Inc. and Big Strides Wide Reach, currently provide Related Services under the predecessors to these contracts. At the moment, OAG's review is still ongoing and should relevant information become known to the DOE after the Panel meeting, it will be reported to the Panel and award decisions will be revisited as required.

**VENDOR RESPONSIBILITY**

The vendors listed below and their principal owners and officers were subject to a background check and have been determined to be responsible. Noteworthy information was found for the following entities:

All in 1 SPOT with Theratalk SLP, PT, OT Psychology PLLC (Theratalk)

- A 2010 investigation performed by the Special Commissioner of Investigation for the New York City School District (SCI) established that affiliates of Theratalk, Theratalk Speech-Language Pathology and All in 1 Spot with Theratalk, SLP, P.C., incorrectly billed the DOE for 600 therapy sessions. The affiliates submitted a corrective action plan and reimbursed the DOE \$38,160. Based on the corrective actions and Theratalk's cooperation with SCI during the investigation, the DOE does not believe this matter precludes a determination that the vendor is responsible. Accordingly, Theratalk is deemed to be responsible.

All My Children Daycare and Nursery School (All My Children)

- News reports indicated that a principal at All My Children cofounded another school in Kew Gardens with a rabbi (Ephraim Bryks) who was accused of sexually molesting 3 children at his congregation in 1988. The DOE has confirmed that Mr. Bryks has no affiliation with All My Children.

In 2013, DOI received complaints regarding the alleged segregation of students, unqualified staff and failure to provide appropriate meals when the kitchen was closed due to a Jewish holiday. As a result, the Administration for Children's Services (ACS) began a heightened monitoring program on All My Children to ensure contract compliance. ACS has indicated that it does not have any current issues with All My Children Daycare and that the vendor has not been on heightened monitored since November 2015.

In light of the resolution of the matters above the DOE does not believe they preclude a determination that the All My Children Daycare and Nursery School is responsible. Moreover, the vendor has satisfactorily provided UPK services to the DOE. Accordingly, the DOE determines that the vendor is responsible.

Comprehensive Psychological Services, PC

VENDEX discloses that in October 2012, affiliate Signtalk, LLC was investigated by SCI when one of its independent contractors, a sign language interpreter, submitted for approval, timesheets with forged signatures. The independent contractor was terminated and subsequent to the investigation, the DOE found additional forgeries. However, the investigation's findings did not question Signtalk's credibility or professional integrity. All monies paid based upon questionable timesheets were refunded to DOE and a corrective action plan was offered and accepted in May 2013.

The DOE also is aware of the following:

A 2010 SCI investigation of a social worker employed by Binet, an affiliate of the prime vendors, which found that the social worker failed to immediately report her suspicion of child abuse to the New York State Central Register for Child Abuse and Maltreatment as required by the DOE under Chancellor's regulation A-750 or to the Commissioner of the Office of Children and Family Services as the DOE believes she was required to do as a mandated reporter. The social worker waited until 3 days after making her observations to report the matter which she did only when she was advised to do so after informing one of the assistant principals. Binet has provided the DOE with a satisfactory corrective action plan addressing the mandated reporting responsibilities of staff, distributed the Chancellor's regulation to all its consultants and individually counseled the social worker on how to appropriately act in such situations in the future.

Another 2010 SCI investigation of an occupational therapist working for the Therapists Network, an affiliate of the prime vendors, regarding fraudulent timekeeping practices, which found that the DOE was billed for sessions she did not perform. The vendor immediately removed the therapist from DOE work (subsequently terminated its relationship with her), did not bill the DOE for any outstanding amounts attributable to her work, reimbursed the DOE \$33,323 for prior erroneous billing that already had been paid and provided a corrective action plan.

While these matters involve affiliates of the prime vendor, all affiliates are owned by the same principal. Comprehensive Resources and Comprehensive Psychological Services, along with its affiliates, generated \$16.2 million in revenues in fiscal year 2016 and in light of its volume of business, the corrective actions taken in response to these matters, the vendors' and principal's cooperation and the Office of Related and Contractual Services

attestation regarding the vendors' satisfactory performance under prior contracts, the DOE does not consider that any of the information uncovered precludes an affirmative finding of responsibility. Accordingly, the vendors are determined to be responsible.

#### Feigi Taub Halberstam Audiology and Speech Pathology (Feigi Taub)

- Omni Childhood Center (OCC), an entity with common ownership that shares space and equipment with Feigi Taub, was the focus of a 2010 audit conducted by the New York City Department of Education (DOE) Office of the Auditor General for the period from July 1, 2005 through June 30, 2006, which identified over \$500,000 in expenditure disallowances that led the state to recalculate OCC's 2005-2006 tuition rate calculated by the New York State Education Department ("SED") for the Special Education Itinerant Teacher ("SEIT") program. The lowered tuition rate resulted in a determination that OCC owed the DOE \$5,810,425.85 for Fiscal Years 2006 through 2013. The DOE established an installment agreement for repayment by August 2025 and OCC is current with payments.
- Additionally, SCI issued a report on May 2, 2016 (case # 2015-6214), in which it concluded that Feigi Taub, under its DBAs Omni Rehab and FTH Audiology & Speech Pathology, PC (both hereafter as "Omni"), operated in a manner that delayed the delivery or deprived special education students receipt of necessary therapeutic services by failing to make the DOE aware that it could not provide mandated services to students in a timely manner. Further, SCI reported that Omni attempted to control the delivery of these services in its assigned districts by attempting to pressure smaller independent service providers to subcontract with it (subcontracting without prior DOE approval is a breach of contract). SCI recommended that Omni be required to strictly adhere to its contractual obligations and that the DOE exercise enhanced monitoring of the vendor in order to assure that students receive mandated services. While Omni denied SCI's findings, it agreed to conduct business in manner consistent with the contract's terms and conditions and related DOE policies governing these contracts after meeting with DOE staff.

Since the release of the SCI report Omni has been providing satisfactory special education services under its existing contract and as OCC is current in its repayment of monies owed through the SEIT contracts, the DOE does not believe these matters preclude a determination that Feigi Taub is responsible. Accordingly, the DOE has determined that Feigi Taub is responsible.

#### Leaps and Bounds PT and OT PLLC (Leaps and Bounds)

- Leaps and Bounds is debarred until September 24, 2017 by the New York State Worker's Compensation Board. Such debarments relate only to Public Works contracts, which involve public construction and building services, and are therefore not applicable to this type of contract. Moreover, the DOE has confirmed that Leaps and Bounds has current worker's compensation insurance. Therefore, the vendor is determined to be responsible.

#### Integrated Treatment Services (ITS)

- A New York State Comptroller's Office audit of fiscal years 2006 and 2007 found that ITS did not properly calculate Special Education Itinerant Teacher (SEIT) costs and was overpaid \$511,615. The New York State Education Department (NYSED) subsequently reset ITS' SEIT reimbursement rates and ITS entered into installment agreements with DOE to repay the overpayments. ITS is current on the payments due. In light of ITS' compliance with its obligations to repay the DOE, the vendor is determined to be responsible.

#### Mid Island Therapy Associates LLC dba All About Kids (All About Kids)

- In 2014, the Nassau County Comptroller (NCC) conducted an audit of All About Kids' reimbursable expenses for preschool special education contracts with Nassau County for the period from July 1, 2010 to June 30, 2012. The audit was terminated prior to its completion and NCC referred the matter to the NYS Comptroller's Office and the Nassau County Attorney's Office, with the recommendation that NYSED suspend All About Kids as an approved vendor and investigate their financial records. NYSED reviewed the matter and indicated that the vendor's policies, procedures and practices provided reasonable assurances that All About Kids' internal controls were sufficient to prevent the misuse of public funds. As such, NYSED did not suspend All About Kids as an approved vendor.

In December 2015, the New York State Comptroller (NYS Comptroller) recommended that NYSED disallow \$655,055 in expenditures submitted by All About Kids for reimbursement along with an adjustment to All About Kids' reimbursement rate to enable the DOE to seek repayment for any overpayments. Further, the

Comptroller recommended that NYSED work with All About Kids to ensure future compliance with cost reimbursable guidelines for these programs.

All About Kids disagreed with the audit recommendations and entered into litigation with the NYS Comptroller to resolve this matter in court. NYSED cannot reset the rates until litigation has concluded. The Nassau County Attorney's Office (NCAO) has indicated a search of its records has revealed that no action was taken against All About Kids after the matter was referred to its office and the vendor currently has an active contract with the Nassau County Department of Health.

In that NYSED found All About Kids' internal controls to be sufficient, the NYS Comptroller's audit did not contain findings of fraud and misconduct, NCAO took no action against the vendor, All About Kids has an active contract with Nassau County, and NYSED has not yet reset the rates due to the ongoing litigation, the DOE does not believe these matters preclude a determination that the vendor is responsible. Accordingly, the All About Kids is determined to be responsible.

Pollack & Associates, PT, OT & SLP PLLC dba Watch Me Grow (Watch Me Grow)

- In 2012, SCI found that Watch Me Grow billed the DOE \$1,620 for 34 related service sessions that did not occur because students were absent. Watch Me Grow reimbursed the DOE and implemented an acceptable corrective action plan.

A 2010 SCI investigation found that Watch Me Grow (FKA Pollack & Kotler) failed to notify the DOE and submit new paperwork when one of their therapists was replaced by new providers and billed the DOE as if the original therapist had provided services. The vendor provided the DOE with an acceptable corrective action plan and reimbursed the DOE \$5,771 for the erroneous billing.

In light of the corrective actions taken by Watch Me Grow and repayment of funds, the DOE does not believe these matters preclude a determination that the vendor is responsible. Accordingly, the vendor is determined to be responsible.

The Execu|Search Group, LLC (Execu|Search)

- VENDEX reports one poor evaluation for Execu|Search from the Administration for Children's Services (ACS) in January 2017. ACS advised the DOE that this evaluation was due to Execu|Search's inability to timely fill all the shifts in the monthly nursing schedule, poor rates of cover for emergency leaves or sick calls creating safety concerns, inability to supply nurses with prior work experience, and low retention of trained staff. Since the contract is expiring March 31, 2017 and services were not being renewed, ACS did not require a CAP. However, in the past 3 years, Execu|Search received 1 Excellent, 3 Good, and 1 Fair evaluations, of which 3 were from ACS. In light of the vendor's overall performance, the DOE does not believe this matter precludes a determination that the vendor is responsible. Accordingly, the vendor is determined to be responsible.

Tempositions Health Care Inc.

- TemPositons Health Care disclosed in their VENDEX that an affiliate by the name of Essey, LLC, terminated an employee for non-performance after 5 years of decreasing sales numbers and the employee filed a complaint with the Equal Employment Opportunity Commission (EEOC), claiming sexual discrimination based on disparate treatment. The complaint ultimately was dismissed on the grounds of administrative convenience in August of 2014, thereby enabling the complainant to pursue the matter in federal court. Subsequently, in February 2015, the federal action initiated by the complainant was discontinued as the matter was subject to a settlement, the terms of which are confidential.

In light of the resolution of the above matter, and as TemPositons Health Care and its four affiliates employ approximately 100 full time employees and provide staffing service utilizing over 600 temporary employees, the DOE does not believe this matter precludes a determination that the vendor is responsible. Accordingly, TemPositons Health Care is determined to be responsible.

Therapeutic Resources Physical, Occupational and Speech Therapy Services, LLP (Therapeutic Resources)

- A 2007 investigation performed by the Department of Education (DOE) at the direction of the DOE's Office of Special Investigations (OSI), established that a former employee of Therapeutic Resources falsely affirmed that he had performed an occupational therapy evaluation and completed the forms and reports

associated with the assessment. Upon being notified of the investigation's findings, Therapeutic Resources took corrective actions including the termination of that employee and implementation of steps to ensure that reports submitted by employees were accurate. In light of the resolution of the above matter, the DOE does not believe this precludes a determination that the vendor is responsible. Accordingly, the vendor is determined to be responsible.

Yeled V'Yalda Early Childhood Center Inc. (YVECC)

- A December 31, 2015 New York State Comptroller's (NYS Comptroller) audit of found that YVECC claimed about \$3 million in ineligible expenses for reimbursement over a three year period ending June 30, 2014. The NYS Comptroller recommended NYSED review the audit's recommended disallowances and recoup the money through adjustments to YVECC's reimbursement rates. NYSED has yet to complete its review and reset the reimbursement rate. Once NYSED does so, the DOE will use the revised rate to determine the amount that needs to be recovered from the vendor.

The NYS Comptroller recommended that in addition to reviewing the disallowances with an eye towards making appropriate adjustments to YVECC's reimbursement rate, NYSED should work with the vendor to ensure its compliance with the requirements for documenting program-related, allowance expenses as governed by NYSED's Reimbursable Cost Manual. NYSED has advised the NYS Comptroller that it will continue to provide assistance when requested and will recommend that YVECC officials avail themselves of such opportunities, including training.

Further, NYSED also resets the payment rates at the end of each year based on consolidated fiscal reports issued by state approved programs and YVECC is on a payment plan covering funds owed from prior "standard" rate resets issued by NYSED for Fiscal Years 2007 to 2011. The vendor initially owed \$7,076,508, for which it is on an installment agreement for repayment by August 2017 and the vendor is current with payments.

The current contract to be awarded to YVECC is not cost reimbursable. Moreover, NYSED has not yet adjusted the reimbursement rate and as such, the DOE cannot determine the amount to be recovered. Additionally, YVECC has agreed to reimburse the DOE in full by August 2017 for any amounts remaining due through its existing installment agreement. In light of the actions taken by YVECC and NYSED, the DOE determines the vendor to be responsible.

Primary, Secondary and Tertiary awards are listed separately below. Subsequent RAs will seek authorization for additional Primary and Tertiary, as well as, Secondary awards.

Primary Awards	Estimated Annual Amount
APN Healthcare Solutions, LLC.	\$100,000
Speech Buddies, Inc.	\$286,000
White Glove Community Care	\$100,000
<b>TOTAL ESTIMATED ANNUAL AMOUNT (PRIMARY AWARDS)</b>	<b>\$486,000</b>

<b>TOTAL ESTIMATED ANNUAL AMOUNT (TERTIARY AWARDS)</b>	<b>\$3,600,000</b>

Pursuant to Section 1.10.1 of the RFP, where a firm with a primary designation in a district did not bid at all for a district in the same discipline, or where the firm’s proposed price was evaluated as unacceptable based on the pricing criteria defined in the RFP, the DOE awarded a tertiary rate for that district based on the average of the awarded pricing for district(s) in which they are a primary for the discipline. Awards proposed in accordance with this provision are designated with an asterisk (\*).

Jacqueline Chu Executive Director, Field Operations Division of Early Childhood Education	Xanthe Jory Executive Director of Expansion, Policy, and Performance Division of Early Childhood Education	Angela Edwards Chief Administrator Central Office Procurement

**PURPOSE**

Authorization is requested to contract with Sunshine LC of Morris Ave LLC to provide high-quality instructional programming as part of the Full-Day Universal Prekindergarten (UPK) program.

**DISCUSSION**

In 1997, the New York State Education Department (NYSED) established the Universal Prekindergarten program (UPK), which entitles eligible four-year-olds to receive 2 hours and 30 minutes of instructional programming for 180 days at no charge to families. In March 2014, the State legislature approved a \$300 million grant to expand full-day pre-kindergarten access in New York City. The legislation allows for high-quality UPK programs to be awarded new full-day UPK seats or to convert existing half-day seats to full-day seats.

The UPK program operates citywide in public and non-public school settings. Achieving universal access to prekindergarten services depends on the partnerships that link community-based organizations with the NYC public school system.

Additionally, New York State Education Law provides for a statewide Universal Prekindergarten Program and contracts for these services are necessary. This solicitation was conducted as a Request for Proposals (RFP) and not as a Request for Bids (RFB) because these services are administered directly to children and must be evaluated on five (5) criteria listed in the RFP.

The City of New York is continuing to implement Pre-K for All, a truly UPK system in New York City that provides every age-appropriate child with free, full-day, high-quality pre-K. As such, an RFP was released on June 23, 2016, seeking to identify and award eligible high-quality early childhood providers who are willing to collaborate with the DOE's Division of Early Childhood Education (DECE) to implement the Pre-K for All program in New York City districts with a need for more publicly-funded, full-day pre-K seats than the DOE is able to offer within the New York City public school system. This RFP is open to providers planning to serve pre-K in any of the New York City zip codes in which the DOE has determined there is high need for pre-K seats. The deadline for proposals was September 16, 2016.

DECE performed a needs analysis to determine areas to target for full-day seats citywide. DECE measures this seat gap by evaluating the difference between the estimated number of Pre-K aged students in each district and zone, and the number of Pre-K seats available.

The RFP requested vendors to submit proposals for sites located in any of the eligible zip-codes listed in the RFP, which are anticipated to have the greatest unmet demand for Pre-K for All seats in 2017-2018. However, demand

within zip-codes varies and the DOE reserved the right to not award proposals if they are determined at the time of award to fall in areas where seats are not needed.

Of the 134 proposals received in HHS Accelerator, 119 were evaluated after removing the duplicates and non-responsive proposals during the responsiveness checks. Additional sites will be included in subsequent RAs. Contracts for these services are necessary because the DOE does not possess the personnel to perform them.

The program provides at least 180 days of full-day Pre-K for All services, including at least 176 days of instruction and four (4) days of professional development for teachers. Providers must operate five (5) days (Monday to Friday) in a typical week, and provide a minimum of six (6) hours and twenty (20) minutes and a maximum of seven (7) hours of Pre-K for All services each day. Providers may request approval from the DECE field offices to operate 6 days per week in a typical week (Monday through Friday and either Saturday or Sunday) and/or to operate for fewer than six (6) hours and twenty (20) minutes per day.

DECE convened evaluation committees comprised of DECE field office Pre-K for All instructional and operational personnel to evaluate proposals under their guidance, as well as consultants with extensive experience in Early Childhood education. Proposals were scored using the following evaluation criteria:

RESPONSE CATEGORY	MAXIMUM POINTS
Vision & Organizational Capacity	11
Effective School Leadership and Collaborative Teachers	23
Rigorous Instruction	36
Strong Family-Community Ties	19
Supportive Environment	11
<b>TOTAL</b>	<b>100</b>

All vendors in areas where additional seats are needed who met the DOE’s quality standards, proposed a viable site, and presented fair and reasonable prices are recommended for award. In areas where the capacity of vendors exceeded the estimated demand for services, awards were made based on vendor scores.

While price is not an evaluation criteria, contract awards were subjected to successful budget negotiations between the DOE and proposers based on a fair and reasonable price per student. DECE negotiated budgets, inclusive of the cost-per-child and any proposed start-up funding (materials, furniture, and/or construction) with vendors recommended for award. Proposers’ program expenditures were subject to review to assure that actual expenditures were consistent with the approved budgets. The negotiated cost-per-child is the amount charged for the term of the entire contract.

The UPK full-day expansion allows for limited start-up funds for programs beginning new full-day programs. Vendors requiring start-up funds were offered additional resources outside of their negotiated per child rate for the first year of their contract. These funds will support facilities improvements necessary for their required Department of Health and Mental Hygiene permit, other small upgrades, or for furniture and other materials for their new classrooms.

This contract is retroactive because the time required to complete health and safety reviews, budget reviews and/or vendor responsibility determinations delayed it’s processing.

**VENDOR RESPONSIBILITY**

Sunshine LC of Morris Ave LLC and its principal owners and officers were subject to a comprehensive background check and it has been determined to be responsible.

Vendor	Site District	Site ID	Geographic Borough	Site Zip Code	Awarded # of Full-Day Seats	Negotiated Cost per Child for Full-Day Seats	Negotiated Annual Contract Amount for Full-Day Seats	Start-up costs for furniture and materials	Start-up costs for facilities/ permits	Highest Annual Amount	Total 3-Year Contract Amount
Sunshine LC of Morris Ave LLC	7	XBAS	X	10451	54	\$8,974.00	\$484,596.00	\$26,004.00	\$0.00	\$510,600.00	\$1,479,792.00

**REQUEST FOR AUTHORIZATION FOR ARTS EDUCATION SERVICES (MTAC R1129 / RA#1)**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
\$325,000 / \$1,625,000	Various	Five Years	None	Multiple Task Award Contract (MTAC)	No	Requirements

<b>Vendor Names &amp; Addresses</b>	<b>See Table B</b>
-------------------------------------	--------------------

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Paul King Executive Director Office of Arts & Special Projects	Morayo Tracey Oyemade Deputy Senior Executive Director Finance & Procurements Division of Teaching and Learning	Aldrina Hazell Procurement Analyst Instructional Service Procurement

**PURPOSE**

Authorization is requested on behalf of the Office of Arts and Special Projects (OASP) to contract with the below named-vendors to provide Arts Education Services. The awarded vendors will offer direct services to students and parents in dance, music, theater, visual art and the moving image. Service will be provided at the discretion of each participating school or central office operating on behalf of a school or consortium of schools.

**DISCUSSION**

This request for Arts Education Services replaces a previous Arts Education solicitation that includes contracts expiring August 31, 2017. Approved vendors will deliver services that support and advance teaching and learning by building on the *Blueprint for Teaching & Learning in the Arts*, the New York State Learning Standards (NYSLS) for the Arts and the National Coalition for Core Arts Standards (NCCAS). The *Blueprint* forms the basis for instructional programs in dance, music, theater, visual arts, and the moving image and is built upon five strands of Arts Learning: Arts Making; Literacy in the Arts; Making Connections; Community & Cultural Resources; and Careers and Life-long Learning. Services provided by all vendors will integrate the guidelines established in the *Blueprint* while enhancing studies in other disciplines.

All proposals were reviewed by an evaluation committee that consisted of Directors and Arts Coordinators from OASP, all of whom are knowledgeable about the *Blueprint* and the NYSLs for Arts. They have participated in developing and refining the *Blueprint*, are currently implementing arts programming and possess years of experience in DOE schools or central offices. To ensure scoring consistency, a training session was conducted for all committee members, where they received an overview of the process and a scoring rubric. Proposals were evaluated using the following criteria: program plan (25 points), organizational capacity (25 points), demonstrated effectiveness (25 points), and price (25 points). Successful vendors were required to achieve a minimum score of 80 points.

To date, 53 proposals have been received and the committee recommended 38 vendors for award, of which eight are named here and 30 are still undergoing price analysis and background checks.

Table A shows the proposed and negotiated average hourly rates for each vendor recommended here for award. The negotiated rates range from \$77 for Manhattan Theatre Club (MTC) to \$137 for Studio Museum in Harlem. MTC's theater instruction can consist of playwriting, acting, improvisation, stage direction and visit to an MTC student matinee. With the help of professional actors, their Writing on the Edge (WrOTE) residency encourages students to write a short play based on a theme from an MTC performance they've attended. Studio Museum in Harlem provides instructions in all areas of visual arts. Guided tours, painting, drawing, watercolors, sculpting are a few of the arts-making activities available to schools. Negotiations resulted in an average cost savings to the DOE of approximately 10 percent in program hourly rates. All eight vendors' pricing was determined to be fair and reasonable based on a comparison with hourly rates for like services by vendors contracted under similar solicitations.

TABLE A. HOURLY RATES FOR RECOMMENDED VENDORS		
Awarded Vendor	Original Average Hourly Rate	Negotiated Average Hourly Rate
Brooklyn Arts Exchange	\$125	\$113
Community Word Project	\$103	\$101
Joyce Theater Foundation	\$78	\$78
Manhattan Theatre Club	\$77	\$77
Puppetry in Practice	\$150	\$113
Queens Museum of Art	\$94	\$81
Studio Museum in Harlem	\$149	\$137
Vivian Beaumont Lincoln Center Theater	\$84	\$83

The estimated contract amount for Puppetry in Practice is based on the minimum amount for new vendors for Arts Education Services requirements contracts of \$30,000. Estimated contract amounts for all other vendors are based on expenditures under a prior contract.

It is necessary to contract for these services because the DOE does not possess the capacity of expertise necessary to meet the objectives of this program.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

#### **VENDOR RESPONSIBILITY**

A background check review of Vivian Beaumont Lincoln Center Theater, Brooklyn Arts Exchange, Studio Museum in Harlem, Property in Practice, Community Word Project, Queens Museum of Art, Joyce Theater Foundation and Manhattan Theatre Club performed by the New York City Department of Education, which included various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor's have therefore been determined to be responsible.

TABLE B. ESTIMATED CONTRACT AMOUNTS FOR RECOMMENDED VENDORS			
Vendor Name & Address		Component(s)	Estimated Annual / Total Contract Amount
1.	Brooklyn Arts Exchange 421 5 <sup>th</sup> Avenue – 3 <sup>rd</sup> floor Brooklyn, NY 11215	1-Dance 3-Theater	\$50,000 / \$250,000
2.	Community Word Project 11 Broadway #508 New York, NY 10004	3-Theater 4-Visual Arts 5-Moving Image	\$75,000 / \$375,000
3.	Joyce Theater Foundation 175 8 <sup>th</sup> Avenue New York, NY 10011	1-Dance	\$30,000 / \$150,000
4.	Manhattan Theatre Club 311 West 43 <sup>rd</sup> Street – 8 <sup>th</sup> floor New York, NY 10036	3-Theater	\$35,000 / \$175,000
5.	Puppetry in Practice Brooklyn College 2900 Bedford Avenue #0712S Brooklyn, NY 11210	3-Theater 4-Visual Arts 5-Moving Image	\$30,000 / \$150,000
6.	Queens Museum of Art NYC Bldg. Flushing Meadows Corona Park Flushing, NY 11368	4-Visual Arts 6-Parent Engagement	\$35,000 / \$175,000
7.	Studio Museum in Harlem 144 West 125 <sup>th</sup> Street New York, NY 10027	4-Visual Arts 6-Parent Engagement	\$30,000 / \$150,000
8.	Vivian Beaumont Lincoln Center Theater 150 West 65 <sup>th</sup> Street New York, NY 10023	3-Theater	\$40,000 / \$200,000

**\*Component Services:**

1. Dance – ballet, modern, hip-hop, ballroom, African, Caribbean, dances of other countries & cultures, choreography.
2. Music – hip hop, jazz, classical, instrumental, vocal, choral, composing.
3. Theater – playwriting, storytelling, performing, playmaking, auditions, assemblies.
4. Visual Arts – museum tours, paintings, murals, drawing, architecture, collages.
5. Moving Image, New Media – film making, videography, photography.
6. Parent Engagement – all of the above subjects in concert with direct student services.

**REQUEST FOR AUTHORIZATION FOR PERSONALIZED MIDDLE SCHOOL MATH CURRICULUM AND INSTRUCTIONAL PROGRAMMING SERVICES RA #4 (MTAC R1110)**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$133,875 / \$669,375	Tax Levy / Reimbursable	Five Years	None	NA	Multiple Task Award Contract (MTAC)	No	Requirements

<b>Vendor Names &amp; Addresses</b>	<b>New Classrooms Innovation Partners</b> 1250 Broadway, 30 <sup>th</sup> Floor New York, NY 10004
-------------------------------------	--

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Celine Azoulay-Lewin Sr. Executive Director Office of Innovation	Alana Laudone Director of Special Projects Office of Innovation	Kesse Wallace Procurement Analyst IT Procurement

**PURPOSE**

Authorization is requested on behalf of the Office of Innovation to contract with New Classrooms Innovation Partners for personalized middle school math curriculum and instructional programming services. The awarded vendor will offer programs that combine paper-based content along with software or web-based learning in mathematics at the middle school level. These programs will include curriculum, data, assessments and support for school leaders and teachers to provide a personal path of learning for each student. All programs included in this Multiple Task Award Contract will be provided at the discretion of individual schools or by central offices on behalf of multiple schools.

**DISCUSSION**

Personalized middle school math programs are designed to accommodate the unique strengths, interests, and needs of each student. Vendors awarded to provide these services will supply schools and teachers with the resources and flexibility to support students in developing the mathematics skills required for post-secondary success. The program curriculum provided will align with Common Core and the New York State Education Department (NYSED) standards, offering teachers and students a variety of teaching and learning styles, such as direct instruction, project-based learning, and peer-to-peer learning.

A Multiple Task Award Contract (MTAC) provides the best mechanism for schools to access adaptive middle school math programs based on their preferences in curriculum, support structure, and price.

The evaluation committee consisted of five members from the Office of Innovation. Fifteen proposals were received and each was evaluated by three evaluators. Proposals were scored on program plan (40 points), organizational capacity (20 points), demonstrated effectiveness (20 points), and price (20 points). Successful vendors were required to meet a minimum score of 80 points. The committee has recommended ten proposals for award, of which six were named in previous requests for authorization, one is recommended here, and three will be covered in future RAs.

The New Classrooms Innovation Partners *Teach to One: Math* program works with school partners to redesign classrooms into large, open spaces that allow teachers and students to move among multiple, flexible learning stations throughout a single extended class period. Students can work independently, in small cooperative groups, or with teachers. New Classrooms offers about 8,000 lessons from over 25 content products. Support services include PD and ongoing in-person and virtual program coaching.

Although New Classrooms held a previous contract for these types of services and only five schools participated in that program, the program office estimates that demand for these services from schools outside of the original cadre

warranted a Multiple Task Award Contract solicitation so that multiple vendors would compete with roughly analogous services.

Initial pricing for New Classrooms offered a bundled annual rate for non-transferable user licenses of \$191.25 per student, representing a discount of 15 percent from its published rate of \$225. While New Classrooms is a higher priced outlier for their license fees, they provided documentation demonstrating that this license fee encompasses a more extensive package of services than what other vendors have offered. On this basis, pricing can be determined to be fair and reasonable.

It is necessary to contract for these services because the DOE does not possess the expertise required to meet the specialized needs of these types of programs.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to provide schools with the option of selecting the vendor that best meets their needs.

**VENDOR RESPONSIBILITY**

A current principal of New Classrooms Innovation Partners, Inc. (New Classrooms) was previously employed as General Manager by Newton Learning SES (Newton), a division of Edison Schools (Edison). During his tenure at Newton, it was the subject of an investigation conducted by Special Commissioner of Investigation (SCI), which substantiated that Newton failed to conduct fingerprint and background checks on some workers, offered gift certificates to students for attending tutoring sessions, and directly solicited students after being warned not to do so by the DOE. SCI recommended that Newton be reminded of the DOE's current policy on incentives. Newton also was advised that the company and its representatives must adhere to the contract and its engagement notice provisions and that any further failure to do so could result in the termination of contract.

In that the above matter pertained to the principal's former employer, he was not a subject of the investigation and the matter was resolved, the vendor is determined to be responsible.

**REQUEST FOR AUTHORIZATION (RA #5) FOR PROFESSIONAL DEVELOPMENT SERVICES FOR EARLY CHILDHOOD EDUCATORS (MTAC R1120)**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
\$60,000 / \$300,000	Various	Five Years	None	Multiple Task Award Contract (MTAC)	No	Requirements

Vendor's Name & Address	Component(s)	Estimated Annual / Total Amount
Ramapo for Children, Inc. 49 West 38 <sup>th</sup> Street, 5 <sup>th</sup> Floor New York, NY 10018	A	\$30,000 / \$150,000
Sports Humanitarian Group, Inc DBA Right to Play 134 West 26 <sup>th</sup> Street, Unit 404 New York, NY 10001	A	\$30,000 / \$150,000

Contract Manager	Lead Contract Manager	Division of Contracts & Purchasing Contact
Thomas Samaris Director of Operations Division of Early Childhood Education	Carol Varikos Executive Director, Field Operations Division of Early Childhood Education	Ibrahim Rehawi Director UPK, Central Office Procurement

**PURPOSE**

Authorization is requested on behalf of the Division of Early Childhood Education (DECE) to contract with the above-named vendors for professional development services in early childhood education. These services will be provided at the discretion of participating schools, central offices operating on behalf of schools, or consortiums of schools.

**DISCUSSION**

The Pre-K for All Quality Standards describe key practices of family engagement, rigorous and developmentally appropriate instruction, professional collaborations, and leadership that support children in gaining the knowledge and skills outlined in the New York State Prekindergarten Foundation for the Common Core.

Vendors awarded through this multiple task award solicitation will provide professional development for staff members who either interface directly with children and families or lead programs and support the adults serving children and families in Pre-K programs across the City. Through the collaboration between DECE and selected vendors, the resulting contracts will meet the diverse needs of Pre-K programs and staff across the City.

It is necessary to contract for these services because the DOE does not possess the capacity of expertise and resources necessary to meet the objectives of this program.

In response to the most recent solicitation, vendors proposed for one or more of these focus areas:

- Component A – Professional development designed for teachers, paraprofessionals (i.e., assistant teachers, teacher aides), family workers, parent coordinators, teacher leaders, and/or coaches across all Pre-K for All settings, including New York City Early Education Centers (NYCEECs), district schools, charter schools, and Pre-K Centers.
- Component B – Professional development designed for principals, site administrators, coaches, borough administrators, and/or NYCEEC directors.

Proposals were distributed to an evaluation committee that included former instructors and operations personnel from DECE. To ensure consistency, a training session was conducted for all committee members in which they received an overview of the process and a scoring rubric. Proposals were scored based on program plan (40 points),

organizational capacity (20 points), pricing (20 points), and demonstrated effectiveness (20 points). Successful vendors were required to achieve a minimum score of 80 points.

Eight vendors were recommended for contract awards under previous RAs and two were recommended here.

The table below shows the proposed and negotiated average hourly rates for each vendor recommended here for award. The negotiated hourly rates range from \$201 for Ramapo’s professional development, which focuses on evidence-based instruction in which participants can build developmentally appropriate and positive behavioral supports for students to \$254 for Humanitarian’s workshops focused on empowering educators to use purposeful play as the vehicle for learning in their classrooms. Play teaches cognitive skills, such as literacy and numeracy, memorization and problem solving. Humanitarian provides opportunities to early childhood educators to use play for educational purposes and outcomes and build capacity that best supports the diverse developmental needs of young children.

Negotiations resulted in an average cost savings to the DOE of approximately 5 percent in program hourly rates. Pricing for all vendors was determined to be fair and reasonable based on a comparison with hourly rates for like services by vendors contracted under similar solicitations.

HOURLY RATES		
Awarded Vendor	Original Average Hourly Rate	Negotiated Average Hourly Rate
Ramapo for Children, Inc.	\$257	\$254
Sports Humanitarian Group, Inc DBA Right to Play	\$220	\$201

The estimated annual contract amounts for all vendors are based on the minimum amount for new vendors in professional development services for early childhood educators requirements contracts of \$30,000.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

**VENDOR RESPONSIBILITY**

A background check review of Ramapo for Children, Inc and Sports Humanitarian Group, Inc dba Right to Play, performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. All vendors have therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION (RA#7) FOR SOCIAL STUDIES PROFESSIONAL DEVELOPMENT AND DIRECT STUDENT SERVICES (MTAC R0997)**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
\$30,000 / \$150,000	Various	Five Years	None	Multiple Task Award Contract (MTAC)	No	Requirements

Vendor's Name & Address	Component(s)
City University of New York on behalf of The Graduate Center (American Social History Project/Center for Media and Learning) 365 Fifth Avenue, Suite 8107 New York, NY 10016	1

Contract Manager	Lead Contract Manager	Division of Contracts & Purchasing Contact
Jessica Kaplan Deputy Executive Director Office of Curriculum, Instruction & Professional Learning Division of Teaching and Learning	Morayo Tracey Oyemade Deputy Senior Executive Director Finance and Procurements Division of Teaching and Learning	Bryan E. Hester Procurement Analyst Instructional Service Procurement

**PURPOSE**

Authorization is requested on behalf of the Division of Teaching and Learning to contract with the CUNY Graduate Center – American Social History Project/Center for Media and Learning (ASHP/CML) for social studies professional development (PD) and direct student services. These services will be provided at the discretion of participating schools, central offices operating on behalf of schools, or consortiums of schools.

**DISCUSSION**

The Chancellor wants to ensure that all New York City schools work collaboratively with parents, educators, school communities, and external stakeholders to improve student achievement and that every child graduates from high school prepared for college or a career. Toward that end, efforts in social studies are focused on raising the level of content understanding (U.S. history, world history, geography, economics, civics/citizenship, and government), integrating national social studies standards, Common Core Learning Standards, and the New York State Social Studies Framework K-12, while ensuring student engagement, inquiry, and subject area literacy.

Under these contracts, vendors will provide professional development and direct student services in social studies to support the implementation of the DOE’s initiatives, engaging teachers and students in work that incorporates social studies best practices, inquiry-based instruction, disciplinary literacy, and informed action around the topics of citizenship, leadership, and democracy. Vendors provide services to schools and central and/or field offices, including Borough Field Support Centers, the Office of Curriculum and Instruction, and the Bureau of Non-Public Schools.

It is necessary to contract for these services because the DOE does not possess the expertise and resources necessary to meet the objectives of this program.

In response to the most recent solicitation, vendors proposed for one or both of these focus areas: 1) Social Studies Professional Development and 2) Social Studies Direct Student Services.

Proposals are evaluated by a minimum of three members drawn from a pool of five evaluators consisting of former instructors and operations personnel from the Office of Curriculum, Instruction and Professional Development. To ensure consistency, a training session was conducted for all committee members in which they received an overview of the process and a scoring rubric. Proposals were scored based on program plan (25 points), organizational capacity (25 points), pricing (25 points), and demonstrated effectiveness (25 points). Successful vendors were required to achieve a minimum score of 80 points.

Ten vendors were recommended for contract awards under previous RAs and one is named here.

The CUNY Graduate Center offers social studies professional development workshops using a blend of face-to-face and online models designed to help teachers of U.S. History and Social Studies in grades 6-12 develop and hone their skills at integrating history content, historical ways of thinking, and literacy supports aligned to the Common Core standards into their curriculum and instructional practices. ASHP materials and approaches contain scaffolds that are particularly useful for ELL and special needs learners, with additional attention given to the preparation for state Regents exams. The series of seminars and online services will give teachers the capacity to improve all students' historical knowledge and disciplinary literacy skills.

CUNY's initially proposed average hourly rate of \$152 for the workshops described above was negotiated to \$111, resulting in a 27 percent cost savings to the DOE. Pricing has been determined to be fair and reasonable based on a comparison with hourly rates for like services by vendors contracted under similar solicitations.

The estimated annual contract amount for CUNY Graduate center is based on the amount for new vendors with a social studies PD and direct student services MTAC contract of \$30,000.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

#### **VENDOR RESPONSIBILITY**

The following was uncovered for Research Foundation of CUNY, an affiliate of the City University of New York.

Since 2016, various sources reported that federal prosecutors conducted an investigation into the use of college funds to pay personal and other expenses of the president of the City College of New York (CCNY), Lisa S. Coico, who resigned last October. Ms. Coico was already under scrutiny regarding the alleged improper use of federal research money and the accounting of her personal expenses from City College's 21st Century Foundation. The investigation included a review of how the 21st Century Foundation covered some of Ms. Coico's personal expenses and reimbursements of more than \$150,000 by the Research Foundation for the City University of New York (Research Foundation). The investigation coincides with a state investigation into broader university practices.

The Research Foundation advised that it acts as fiscal agent for grant funds for the colleges of CUNY, of which CCNY is one. In February, the City University of New York (CUNY) instituted new procedures for payments to faculty and staff beyond their regular salaries from sources such as the Research Foundation. An inquiry made of the U.S. Attorney's Office for the Eastern District of New York advised that it could not comment on matters pertaining to an investigation.

**REQUEST FOR AUTHORIZATION (RA #4) FOR SPECIAL EDUCATION  
PROFESSIONAL DEVELOPMENT SERVICES (MTAC R1160)**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$480,000/ \$2,400,000	Various	Five Years	One-Three Year Option	\$1,440,000	Multiple Task Award Contract (MTAC)	No	Requirements

Vendors' Names & Addresses	Component	Estimated Annual / Total Contract Amount
<b>G&amp;R Inclusive Group LLC</b> 575 Main Street, Suite 712 New York, NY 10044	3	\$450,000 / \$2,250,000
<b>Rethink Autism Inc.</b> 19 West 21 <sup>st</sup> Street, Room 403 New York, NY 10010	1,2,3,4,6, 9,10,11,12	\$30,000 / \$150,000

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Ron Eisenberg Administrative Education Officer Division of Specialized Instruction and Student Support	Marvin Clement Contracts and Budget Officer Division of Specialized Instruction and Student Support	Albert Hu Procurement Analyst Instructional Service Procurement

**PURPOSE**

Authorization is requested on behalf of the Division of Specialized Instruction and Student Support to contract with the vendors listed above to provide special education professional development services. These contracts will be utilized to provide ongoing training and support to the school community in establishing strategies directed toward diverse learners in a general education setting.

**DISCUSSION**

The DOE is required to educate students with disabilities alongside their nondisabled peers to the maximum extent appropriate. Advances in teaching and learning for special education students allow educators to serve a wider range of students in general education settings.

The services sought through this MTAC include professional development, coaching, and parent training organized into 12 components: 1) Paraprofessional Workshops and Training, 2) Literacy Supports for Students with Disabilities, 3) Least Restrictive Environment, 4) Low Incidence Disabilities, 5) Bilingual Special Education, 6) Specially Designed Instruction, 7) Special Education Legislation and Regulation, 8) Assistive Technology and Accessible Educational Material Support, 9) Behavior Management, 10) Response to Intervention and Data Based Individualization, 11) Assessment, and 12) Autism.

It is necessary to contract for these services because the DOE does not possess the capacity of expertise necessary to meet the objectives of this program.

Proposals were evaluated by a minimum of three members drawn from a pool of 14 evaluators consisting of a senior instructional achievement specialist, a senior innovative program specialist, a director of behavior support, a former special education teacher, bilingual special education specialists, a school improvement specialist, a director of bilingual special education programs, and a director of paraprofessionals. To ensure consistency, a training session was conducted for all committee members in which they received an overview of the process and a scoring rubric. Proposals were scored based on program plan (25 points), organizational capacity (25 points), pricing (25 points), and demonstrated effectiveness (25 points). Successful vendors were required to achieve a minimum score of 80 points. Six vendors were recommended for contract awards under previous RAs and two are recommended here.

A vendor can offer a single workshop for a component or offer an à la carte menu of services covering the 12 components listed above. Within these components, vendors offer PD, coaching, and parent workshops. The negotiated hourly rates range from \$263 for Rethink Autism's workshops focused on research-based, hands-on and virtual intervention modules to support school leaders in delivering direct instruction on replacement skills and adaptive behaviors to improve student success to \$276 G&R's workshops that incorporates the principals of Universal Design for Learning in the classroom and for school-wide use in order to implement and maintain effective programming for students with special education services in least restrictive environment. Negotiations resulted in an average cost savings to the DOE of approximately 22 percent in program hourly rates.

Pricing for both vendors was determined to be fair and reasonable based on a comparison with hourly rates for like services by vendors contracted under similar solicitations.

The estimated contract amount for G&R Inclusive Group is based on previous expenditures under contracts for similar services, while the amount for Rethink Autism is based on the estimated annual amount for new vendors with a special education professional development services requirements contract of \$30,000.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

**VENDOR RESPONSIBILITY**

G & R Inclusive Group, LLC and its principal owners and officers were subject to a full comprehensive background check and no significant adverse information was found. Therefore, the vendor has been determined to be responsible.

A background check review of Rethink Autism Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION FOR THE DISTRIBUTION OF FRESH MILK AND DAIRY PRODUCTS (B3038)**

Total Estimated Amount	Funding Source	Contract Term	Option/ Total Estimated	Procurement Method	Is Contract Retroactive?	Contract Type
\$9,646,134/ \$48,230,670	Tax Levy/ USDA Reimbursable	5 Years	1 Year Extension/ \$9,647,230	Request for Bids (RFB)	No	Requirements

Distribution Vendor Names & Addresses	Estimated Annual Amount
Bartlett Dairy, Inc. 90-04 161 <sup>st</sup> St. Suite 609 Jamaica, NY 11432	\$3,539,770
Cream-O-Land Dairies, LLC 529 Cedar Ln. P.O. Box 146 Florence, NJ 08518	\$4,680,004
The Maramont Corporation 5600 First Avenue, Building C Brooklyn, NY 11220	\$1,426,360

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Janice Zapinsky Deputy Director Office of School Support Services	Lisa D'Amato Director Office of School Support Services	Fior Castellon Procurement Analyst Transportation, Food & PSAL Procurements

**PURPOSE**

Authorization is requested on behalf of the Office of School Food (OSF) to contract with the vendors listed above to provide distribution of milk and dairy products to the Department of Education's approximately 1,250 OSF-operated school kitchens participating in breakfast and lunch programs. These contracts will replace three emergency contracts set to expire October 29, 2017. A companion RA will address the supply of milk.

**DISCUSSION**

The DOE released a Request for Bids (RFB) seeking vendors to provide the acquisition, warehousing, handling, and distribution of fresh milk and dairy products to the DOE meal program throughout the five boroughs. These vendors will order and receive the milk and dairy products from DOE-contracted suppliers. The RFB consisted of three Aggregate Classes (ACs) as follows:

- Aggregate Class 1 - Manhattan and the Bronx;
- Aggregate Class 2 – North Brooklyn and Queens;
- Aggregate Class 3 - South Brooklyn and Staten Island

Each AC contains seven dairy products: whole milk (half pint and quart containers), low fat milk half pint, skim milk half pint, chocolate milk half pint, half & half and heavy cream quart containers. Within each AC, bidders were required to provide pricing which include all cost associated with handling, managing storage, and delivery of milk and dairy products to schools in floor loaded and palletized truckloads. Allowing vendors the flexibility to provide pricing for both options (floor loaded and palletized) allowed the department to look at market driven pricing based on these options.

Bids were tabulated by tallying the annual extended cost of delivery with bidder's proposed unit price for delivery to DOE per container floor loaded and, separately, if palletized. Both options were multiplied by the annual estimated quantities to determine the total cost per aggregate class. Awards were determined based on the supplier/distributor combinations that provided the lowest overall cost to the DOE. These determinations included consideration of both the floor loaded and palletized delivery options. Bidders were limited to an award of one aggregate class because, with multiple vendors, the DOE will be better positioned to minimize the risk of milk supply disruption.

Vendors that did not bid but who attended the pre-bid conference indicated they did not have capacity, would not be ready by November 2017, handled milk in packaged cardboard and not crates (as required) and/or supply is their main business and, hence, they responded to that bid instead. Award is recommended for the lowest bidder in each class except for AC3 (South Brooklyn and Staten Island). The third low bidder is recommended for award of AC3 because the low and second low bidders were awarded AC1 and AC2 respectively. See Table of Bids below for recommended awards.

Distribution/Supply arrangements:

- Bartlett Dairy will receive milk and dairy products from Upstate Niagara Cooperative in Floor Loaded truckloads
- Cream-O-Land Dairies will receive milk and dairy products from Valley Farms Dairy in Floor Loaded truckloads
- The Maramont Corporation will receive milk and dairy products from The Guida-Seibert Dairy Company in Floor Loaded truckloads

The award to these bidders for these AC's (as well as those under RFB B3039) under Floor Loaded pricing produced the lowest overall cost to the DOE.

Delivery mark-up prices will be adjusted annually based on the composite Producer Price Index for specialized freight trucking, local and the index for warehousing and storage of refrigerate goods weighted 80% and 20% respectively.

Weighted average prices were used to determine the award combination resulting in the lowest total cost to the DOE and resulted in the recommended awards by aggregate class shown in the table below.

For the twelve months beginning October 30, 2017, the total value of the contract based on estimated quantities is \$9.6 million, a decrease of \$0.5 million (5.1%) compared with the current contract. A comparison of prices for distribution with their equivalents under the current contract shows prices are 12% lower in AC2. Pricing is 2% higher for AC1 and 2.9% for AC3. As noted above, vendors were limited to one class. We note that while AC3 pricing is 7.7% higher than that of the low bid, AC3 is the smallest size class representing less than 13% of the estimated volume for this contract and provides less of an opportunity for economies of scale compared with the other classes.

Two vendors (Cream-O-Land and Maramont) agreed to provide VPRs on 1 quart size distribution where unit prices exceeded the prior contract pricing. Although these items represent less than 1% of total volume, after VPR, all unit costs for distribution of 1 quart sizes were below pricing in the prior contract.

While two classes show nominal price increases over the current contract (between 2 and 3%), overall, the total cost compared to the current contract has declined 5.1%. Accordingly, these prices can be determined to be fair and reasonable.

### VENDOR RESPONSIBILITY

#### **Bartlett Dairy Inc.**

In 2014, the New York City Comptroller (Comptroller) released an audit of the Department of Education's (DOE) controls over its award of milk distribution contracts to three vendors in 2008, including Bartlett and offered recommendations for improvement of the review of vendor financial capacity and procedures for detecting the warning signs of possible collusion. The DOE's response assured that the depth of its review of the financial capacity of all three vendors was appropriate and offered that the DOE saved over \$10 million by making the awards given. Additionally, the DOE rejected any conclusion that the facts and circumstances related to these awards demonstrate a lack of adequate procedures for detecting collusion. While rejecting the Comptroller's analysis and findings, the DOE's response to the recommendations was that it either was already doing what was being recommended and/or would abide. It is noteworthy that the Comptroller referred this matter to the US Department of Justice (DOJ) for further investigation and a grand jury subpoena was issued to determine whether any anti-trust behavior was

exhibited by Bartlett or the other awardees. The investigation was closed on April 1, 2015 without any findings of misconduct against Bartlett. The DOJ investigation was disclosed in VENDEX as a caution 10/24/2016.

As the DOJ investigation confirmed the DOE's belief in the integrity of its 2008 milk procurement and Bartlett's agreement to perform through October, the vendor is determined to be responsible.

#### **Cream-O-Land Dairies, LLC**

The U.S. Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) found that affiliate Cream-O-Land Dairy, Inc. used a hiring process that discriminated against women, African Americans and Asian Americans who applied for warehouse positions at the company's plant in Florence, New Jersey, during 2010 and 2011. Cream-O-Land Dairy, Inc. paid \$324,288 in back wages, interest and benefits to the rejected applicants. The company also agreed to make 24 job offers to the affected class members and to undertake extensive self-monitoring measures, including committing a minimum of \$10,000 for training to ensure that all of its hiring processes comply with the law. Cream-O-Land Dairy, Inc. continues to remain in good standing with OFCCP and has obtained additional federal contracts since this matter.

In light of the resolution of this matter, the DOE does not believe this precludes a determination that the vendor is responsible. Accordingly, the vendor is determined to be responsible.

#### **The Maramont Corporation**

In 2009, the DOE became aware of an investigation conducted by the Securities and Exchange Commission (SEC) and the United States Department of Justice involving the former Chief Financial Officer (CFO) of Maramont who, while working as a manager for another company, allegedly conspired to engage in various fraudulent accounting practices. While these charges were pending, this individual was hired by Maramont as their CFO and Maramont stated that they were aware of the pending charges at the time of the hire. At the conclusion of the investigation and trial, AIPC paid a \$7.5 million penalty and, in September of 2008, the former CFO pled guilty to conspiring to engage in various fraudulent accounting practices that concealed the entity's true financial condition in order to deprive holders of the stock and their right to honest services. Following the conviction, the former CFO was removed from all duties involving the finances of the company, but he is presently still employed with Maramont.

In 2007, a class action lawsuit was filed against Maramont to recover prevailing wages and supplemental benefits for work performed in furtherance of publicly financed service contracts. On June 6, 2014, summary judgment was granted against Maramont, awarding damages totaling \$86.8 million. On September 22, 2014, a restraining notice was issued garnishing payments to Maramont by the DOE. Maramont reports it is on a payment plan for this judgment with \$6,000,000 outstanding. The payment plan runs through December 2018.

#### **Affiliate of Maramont, Preferred Meals Systems, Inc. (Preferred)**

In 2013, Preferred was investigated by the Inspector General for the Chicago Board of Education regarding benefits provided to government employees for preferential treatment. Following the investigation and substantiation of the allegations, the Chicago Public Schools District (CPSD) terminated the employees who were involved in wrongdoing, and Preferred terminated its involved employees. Maramont advised that Preferred continued to do business with CPS though the end of the applicable contracts.

Since the adverse finding uncovered in 2009, Maramont has been awarded contracts by the City of Philadelphia, Jersey City and the New York City Housing Authority. Further, the DOE has utilized Maramont's services for general food distribution for several years and Maramont has performed satisfactorily.

As the above-referenced matters have been resolved satisfactorily, in light of the size of the vendor, which has approximately 1,800 employees and generated approximately \$250 million in revenue in 2015, and in view of Maramont's satisfactory performance on other DOE contracts, the DOE does not believe any of these matters preclude a determination that the vendor is responsible. Accordingly, the vendor is determined to be responsible.

**TABLE OF BIDS - DISTRIBUTION OF FRESH MILK AND DAIRY PRODUCTS (B3038)**

Item No. / Vendor Name	Annual Total Delivery Cost to DOE (Floor Loaded Containers)	Annual Total Delivery Cost to DOE (Palletized Containers)	Determination

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Janice Zapinsky Deputy Director Office of School Support Services	Lisa D'Amato Director Office of School Support Services	Fior Castellon Procurement Analyst Transportation, Food & PSAL Procurements

**PURPOSE**

Authorization is requested on behalf of the Office of School Food (OSF) to contract with the vendors listed above to supply milk and dairy products to DOE-contracted milk distributors who will, in turn, distribute milk to approximately 1,250 OSF-operated school kitchens citywide participating in breakfast and lunch programs. These contracts will replace three emergency contracts set to expire October 29, 2017. A companion RA will address the distribution of milk.

**DISCUSSION**

The DOE released a Request for Bids (RFB) seeking vendors to supply fresh milk and dairy products to DOE milk distributors. The RFB consisted of three Aggregate Classes (ACs) as follows:

- Aggregate Class 1 - Manhattan and the Bronx;
- Aggregate Class 2 – North Brooklyn and Queens;
- Aggregate Class 3 - South Brooklyn and Staten Island

Each AC contains seven dairy products: whole milk (half pint and quart containers), low fat milk half pint, skim milk half pint, chocolate milk half pint, half & half and heavy cream quart containers. Within each aggregate class, bidders were required to provide unit pricing for the cost of the product and a separate cost associated with delivery to the Department's milk distributors' various locations and/or warehouses (within the tri-state area) in floor loaded and palletized truckloads. Allowing vendors the flexibility to provide pricing for both options (floor loaded and palletized) allowed the Department to look at market driven pricing based on these options.

Bids were tabulated by tallying the annual extended cost of product with bidder's proposed product unit price per container and the delivery charge floor loaded and, separately, if palletized. Both options were multiplied by the annual estimated quantities to determine the total cost per aggregate class. Awards were determined based on the supplier/distributor combinations that provided the lowest overall cost to the DOE. These determinations included consideration of both the floor loaded and palletized delivery options. Bidders were limited to an award of one

aggregate class because, with multiple vendors, the DOE will be better positioned to minimize the risk of milk supply disruption.

Each class received three or four responsive bids and award is recommended for the lowest bidder except as follows:

- For AC1 (Manhattan and the Bronx), the second low bidder is recommended for award because the low bidder for this class is also the low bidder for AC2.
- For AC3 (South Brooklyn and Staten Island), the fourth low bidder is recommended for award because the low and second low bidders were awarded AC1 and AC2 respectively. The third low bidder, Garelick Farms was determined non-responsive because they submitted modifications to the terms and conditions of the RFB. No protest was received.

See Table of Bids below for recommended awards.

Supply/ Distribution arrangements:

- Upstate Niagara Cooperative will supply product to Bartlett Dairy in Floor Loaded truckloads
- Valley Farms Dairy will supply product to Cream-O-Land Dairies in Floor Loaded truckloads
- The Guida-Seibert Dairy Company will supply The Maramont Corporation in Floor Loaded truckloads

The award to these bidders for these AC's (as well as those under RFB B3038) under Floor Loaded pricing produced the lowest overall cost to the DOE.

Product prices will be adjusted monthly based on the Northeast Marketing Area Federal Milk Marketing Order 1. Delivery mark-up prices will be adjusted annually based on the Producer Price Index for specialized trucking, long distance.

Weighted average prices were used to determine the award combination resulting in the lowest total cost to the DOE and resulted in the recommended awards by aggregate class shown in the table below. Valley Farms was the low bidder for AC2 and was 8.9% lower in price than the next lowest bidder in that class. For AC1, Upstate Niagara was the second lowest bidder, but its pricing was less than 1% above the pricing for the low bidder in that class, Valley Farms. For AC3, Guida-Seibert Farms was the third lowest responsive bidder with pricing that was 3.5% above the low bidder and 2.8% above the second lowest bidder. The two lower bidders in AC3, Valley Farms and Upstate Niagara, were awarded the other classes.

For the twelve months beginning October 30, 2017, the total value of the contract based on estimated quantities is \$16.5 million, a decrease of \$1.5 million (8.5%) as compared with the current contracts. A comparison of prices for supply with their equivalents under the current contracts shows prices are lower by 6-13% in aggregate classes 1 and 2. For AC3, pricing is less than 3% higher than the current contract. However, as noted above, vendors were limited to one class, and analysis showed the combination of awards reflected here results in the lowest total cost to the DOE. Moreover, AC3 is the smallest size class, representing less than 13% of the estimated volume for this contract and thus provides less of an opportunity for economies of scale compared with the other classes. The DOE requested a Voluntary Price Reduction (VPR) and the vendor declined.

While one class shows a nominal price increase (less than 3%) over the current contract, overall, the total cost compared to the current contract has declined 8.5%. Accordingly, these prices can be determined to be fair and reasonable.

### **VENDOR RESPONSIBILITY**

#### **Upstate Niagara Cooperative, Inc. and Valley Farms Dairy LLC**

In October 2008, a former truck driver commenced a lawsuit against Upstate Niagara, alleging disability discrimination under the Americans with Disabilities Act (ADA) and the New York State Human Rights Law (NYS HRL). The case was settled March 2016 without any admission of liability or wrongdoing for \$262,500.

Since 2006, Upstate Niagara has had approximately 56 U.S. Department of Labor Occupational Safety and Health Administration (OSHA) violations; several of the violations were classified as serious, resulting in fines ranging from \$1,000 - \$38,500. All violations have been resolved and closed. An April 2012 news article reported that Upstate Niagara was cited for 12 alleged violations (all from among the 56 cited above) of workplace safety standards at its Rochester production facility, and as a result, faced \$200,300 in proposed fines. OSHA's Buffalo Area Office identified several deficiencies in Upstate Niagara's process safety management program. Upstate Niagara stated

that since this inspection, they have hired compliance management employees who have reorganized their systems to ensure compliance with applicable laws and regulations and has developed a full PSMP that reviews the chemical hazards in the facility and proactively addresses them. In addition, Upstate Niagara now uses third party audits from an industry expert at Hazard Evaluations Inc., who has hired a former OSHA officer to ensure their compliance. The citations from the inspection were closed on July 23, 2013 to the satisfaction of OSHA. Since 2013, Upstate Niagara has received only five violations with \$5,100 in proposed penalties, which have been resolved and closed as of July 25, 2014.

Upstate Niagara formerly was known by the name Upstate Milk Cooperatives, Inc. (Upstate Milk), and was investigated by the Department of Justice in relation to a milk bid-rigging conspiracy from the mid-1980s through the early 1990s. On September 15, 1993, Upstate Milk pleaded guilty and was fined \$975,000, claiming that the individual responsible was a rogue employee. Due to this incident, in 1993, Upstate Niagara instituted anti-trust training for all sales employees and implemented numerous procedures to ensure compliance with anti-trust and bid-rigging laws.

In October 2016, the Equal Employment Opportunity Commission (EEOC) filed a complaint against Upstate Niagara Cooperative alleging that the company sexually discriminated against women who applied for production jobs in Rochester and Buffalo for over six years. This matter is still pending.

#### **Valley Farms Dairy LLC**

It should be noted that Valley Farms Dairy LLC is also a subsidiary of Upstate Niagara Cooperative, Inc. Schneider Valley Farms, Inc. is a milk plant purchased by the subsidiary Valley Farms Dairy, LLC. Schneider Valley Farms, Inc. has had four OSHA violations since 2015, which all are resolved and closed as of June 29, 2015, with one resulting in a \$7,000 fine.

#### **Subsidiary Upstate Niagara Cooperative, Inc., O-AT-KA Milk Products Cooperative, Inc. (O-AT-KA)**

O-AT-KA Milk Products Cooperative, Inc. was cited seven times by the New York State Department of Environmental Conservation for unauthorized discharge from August 13, 2013 to April 30, 2014. This resulted in a consent order stipulating that O-AT-KA pay a fine of \$30,000. O-AT-KA was also required to fulfill several compliance requirements. O-AT-KA confirmed that it has paid the fine and fulfilled all compliance requirements.

As all the matters have been satisfactorily resolved and in light of the size of Upstate Niagara, which in 2016 had approximately \$789 million in revenue, approximately 900 employees, and five sites, the DOE does not believe the above matters preclude award. Accordingly, the DOE has determined that the vendor is responsible.

#### **The Guida-Seibert Dairy Company**

In September 2016, the U.S. Department of Labor Occupational Safety and Health Administration (OSHA) investigated an employee complaint alleging that he received chemical burns while working without required personal protection equipment (PPE). While the employee's account of the incident was corroborated by a co-worker, a doctor who examined the employee concluded that the employee's account of the incident was not consistent with the physical injury he suffered. An investigation by The Guida-Seibert Dairy Company (Guida-Seibert) determined that the employee acted contrary to standard operating procedure by not wearing required PPE. Guida-Seibert advised that the case was closed without any violation or penalties.

In November 2015 the Connecticut Department of Energy and Environmental Protection (DEEP) issued a notice of violation to Guida-Seibert because a wastewater sample was not processed by their third party commercial testing lab before it was discarded. Guida-Seibert advised that a clerical oversight prevented them from detecting the error and that a new chain of custody system was subsequently developed to ensure that samples are processed, and records of testing are maintained for all sampling mandated under their permit.

In April 2015, the EPA sent Guida-Seibert an inspection report stating several concerns with Guida-Seibert's PSM and RMP. Guida-Seibert advised that it submitted a formal response to the inspection report and a hearing was held to review the matter in April 2016. This matter is still pending EPA's final review of Guida-Seibert's response and no data or anticipated date for this review has been provided by the EPA.

In May 2014, an OSHA investigation of a forklift accident initially resulted in three OSHA violations with fines totaling \$11,518. As per a settlement agreement with OSHA, one of the violations was removed and the fine was reduced to \$3,250. A search of OSHA's records confirms that the matter has been resolved as of September 21, 2015.

Since June 2014, Guida-Seibert has been the subject of three investigations by the Equal Employment Opportunity Commission (EEOC) and the Connecticut Commission on Human Rights and Opportunities (CCHRO) involving discrimination. Two of the investigations were closed in 2015 and 2016 respectively. The 2015 case was closed with

a settlement and the 2016 case was closed by the EEOC, due to the charging party pursuing their claim in another forum. One case is still pending.

In October 2013 the Connecticut Department of Energy and Environmental Protection (DEEP) issued a notice of violation regarding failures of pH control systems which caused Guida-Seibert to exceed its permit allowance of waste water. Guida-Seibert advised that they have made significant upgrades to the controls and physical elements of the pH control system and has not reported any additional issues since the upgrades were completed. The violation is still open and pending.

In March 2007, six Connecticut students were sickened after drinking milk contaminated with sanitizer. Guida-Seibert performed a voluntary recall that involved 11 contaminated cases of milk. The FDA determined this to be caused by human error in the processing of the milk, accepted Guida-Seibert's corrective action report, and closed the case.

Finally, in 1993, Guida-Seibert was investigated by the Connecticut Attorney General's office and the U.S. Department of Justice in connection with allegations of criminal antitrust, price-fixing, and bid rigging. In December 1993, Guida-Seibert plead guilty to the charges of bid rigging and, in March 1994, was convicted of price fixing milk contracts to public schools in various towns in Connecticut from 1980 through June 1990. Guida-Seibert was ordered to pay a criminal fine of \$850,000, and a special assessment, and was sentenced to five years of probation with respect to anti-trust compliance. Guida-Seibert's former president was ordered to pay a criminal fine of \$160,000, a special assessment, was sentenced to 60 days home confinement and five years' probation. In addition, Guida-Seibert and the former president entered into a settlement agreement directly with the State of Connecticut for \$500,000 in restitution to 19 Connecticut school districts. None of the officers of the company employed at that time are currently employed with the company and since the incident; Guida-Seibert established a compliance program which includes Antitrust Compliance Guidelines distributed to all executive, sales management, sales, and credit employees. The anti-trust compliance training that was instituted has continued since their acquisition in February 2012 by Dairy Farmers of America, Inc. (DFA). The Connecticut Department of Education confirmed that they still conduct business with Guida-Seibert.

**Parent of Guida-Seibert, Dairy Farmers of America (DFA)**

In June 2015, a former employee on a DFA member farm in Colorado filed a complaint of animal cruelty with the Sheriff's department and shared a video she took depicting abuse. DFA advised that all employees in the video were disciplined, and some were terminated for concerns about their performance and treatment of the animals prior to the owners' knowledge of the video. DFA and the member farm involved continue to cooperate with law enforcement in the investigation of the matter. DFA also advised no legal action has been taken against DFA nor the DFA member farm involved.

On March 28, 2011, the Pennsylvania Human Relations Commission (PHRC) investigated a former employee's claim of discrimination when she was unfairly fired for fighting because two other male employees received a three-day suspension for fighting. The PHRC issued a final order against DFA ruling in the employees' favor and she was awarded back pay and reinstated.

Since 2011, DFA has received 19 OSHA violations resulting in fines ranging from \$375 to \$18,000 for each individual violation. DFA disclosed, and a search on OSHA's website confirmed, that all violations have been resolved and closed.

In 2008, a former employee filed a discrimination charge with the EEOC after being fired from the DFA. After EEOC issued a letter advising the right to sue, the former employee filed a lawsuit against DFA in the District Court for the Western District of Pennsylvania alleging gender discrimination and retaliation. DFA disclosed that the parties agreed to settle the claim without admitting any liability for \$5,000 in November 2008.

In June 2006, a wrongful death civil lawsuit was filed against DFA in Howell County Circuit Court by the family of a couple killed in a collision with a milk tanker trailer. DFA advised that the case settled for \$3,575,000 in June 2006, and provided a copy of the settlement agreement.

Since the 1970s, DFA, formerly known as Mid-America Dairymen, and their subsidiaries have been involved in several antitrust lawsuits brought by the Department of Justice, dairy farmers, and consumers. In the majority of the lawsuits brought against DFA and or their subsidiaries, a settlement agreement was reached with the plaintiffs ranging in settlement amounts from \$3.5 million to \$140 million. Some of the settlement agreements had additional terms of divestiture of entities and antitrust compliance guidelines prohibiting certain conduct to preserve a fair competitive market. However, DFA is still involved in a pending 2007 antitrust case set for trial in 2017.

**Affiliate of Guida-Seibert, Kemps, LLC.**

The following matters were disclosed in parent company, DFA's, VENDEX:

In September 2014, the Environmental Protection Agency issued a press release announcing Kemp's, LLC has agreed to pay a civil penalty of \$57,000 to resolve Clean Air Act violations associated with the company's failure to submit a risk management plan at a North Dakota facility. Parent company, DFA advised that all matters and obligations involving the Environmental Protection Agency have been resolved and satisfied, and the matter is closed.

**Affiliate of Guida-Seibert, Oakhurst Dairy**

On May 5, 2014, a class action lawsuit was filed by Oakhurst Dairy delivery truck drivers against affiliate, Oakhurst Dairy and parent, DFA, for unpaid overtime compensation claims. In 2016, the court ruled in favor of Oakhurst Dairy and DFA, agreeing that under the Maine statute, the drivers were exempt from overtime pay and dismissed the Maine claims and the plaintiffs voluntarily dismissed the federal law claims with prejudice. Subsequently, the plaintiffs filed an appeal against the decision related to the Maine claims and, on March 13, 2017, the US Court of Appeals for the First Circuit reversed the District Court's order granting Oakhurst Dairy and Dairy Farmers of America, Inc. summary judgment and remanded the case to the U.S. District Court for the District of Oregon for further proceedings, which is pending.

In light of the size of the prime vendor, which in 2016 had in excess \$140 million in revenue and approximately 237 employees, and the parent company, which in 2016, had in excess \$13 billion in revenue and more than 6,000 employees (inclusive of the prime vendor), the resolution of the above matters and the ongoing efforts to address those that remain open, the DOE does not believe any of these matters preclude a determination that vendor is responsible. Accordingly, the vendor is determined to be responsible.

**TABLE OF BIDS - SUPPLY OF FRESH MILK AND DAIRY PRODUCTS (B3039)**

Item No./ Vendor Name	Annual Total Product Cost (Floor Loaded Containers)	Annual Total Product Cost (Palletized Containers)	Determination

**REQUEST FOR AUTHORIZATION FOR REPAIR AND MAINTENANCE  
OF PUBLIC ADDRESS SYSTEMS – B2929**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$908,616 / \$4,543,080	Tax Levy	Five Years	270-Day Extension	\$681,462	Request for Bids (RFB)	No	Requirements

<b>Vendor Name &amp; Address</b>	Symbrant Technologies 16 Commerce Drive Farmingdale, NY 11735
----------------------------------	---

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
David Lewis Deputy Director Contracts & Technical Services Division of School Facilities	Stephen Valente Director Contracts & Technical Services Division of School Facilities	Marissa L. Procope Director

**PURPOSE**

Authorization is requested on behalf of the Division of School Facilities (DSF) to contract with Symbrant Technologies (Symbrant) to repair and maintain public address systems in schools and administrative buildings.

**DISCUSSION**

This contract includes the labor, material, and supervision necessary to test, maintain, repair, modify, make addition to, or install public address systems, local sound systems, and associated equipment in and around schools and administrative buildings.

A Request for Bids (RFB) was advertised for seven days in the City Record and on the DCP web site. The RFB consisted of the following three geographically defined aggregate classes: Class 1 – the Bronx and Queens, Class 2 – Manhattan, Class 3 – Brooklyn and Staten Island. There were three or four bids in each class.

Bidders submitted unit price multipliers, or adjustment factors, showing the bidders' rates above the prevailing wage rates. These adjustment factors included profit and overhead, removal and disposal, tools and equipment, travel time, and insurance above the prevailing wage rates. Factors were multiplied by the current prevailing wage rates to calculate the bidders' prices for work during normal hours and for work done after normal hours. Bidders also provided a multiplier factor for the mark-up of parts and materials over prices listed in the manufacturers' catalogs. The RFB provided estimated quantities for each work item. Estimates are based on current usage.

Symbrant Technologies, the low bidder for all classes, is recommended for award. Qualifications meetings with Symbrant determined that they satisfied all the bid requirements and have the organizational capacity to service this contract. Symbrant has provided satisfactory service under its current contracts with the DOE. DSF is confident that the vendor will continue to provide satisfactory service.

Symbrant's prices for comparable items are approximately 14 percent higher than those under the previous competitively awarded contracts, which were bid in 2011. This increase is largely attributable to an inflation rate of approximately 11 percent, as reflected in the Consumer Price Index over the same period. Based on the competitive nature of the procurement, Symbrant's pricing has been determined to be fair and reasonable.

**VENDOR RESPONSIBILITY**

Symbrant Technologies and their principal owners and officers were subject to a comprehensive background check and no significant adverse information was found. Therefore, the vendor has been determined to be responsible

**REQUIREMENTS CONTRACT FOR REPAIR AND MAINTENANCE OF PUBLIC ADDRESS SYSTEM – B2929**

**WITHDRAWN**

**REQUEST FOR AUTHORIZATION FOR JOB ORDER CONTRACT FOR REMOVAL  
AND DISPOSAL OF HAZARDOUS WASTE MATERIALS (B2803)**

Estimated Annual / Total Contract Amounts	Funding Source	Contract Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$3,889,800 / \$19,449,000	Tax Levy	Five Years	270-Day Extension	\$2,917,350	Request for Bids (RFB)	No	Requirements

Vendor	Address	Annual Amount	Total Contract Amount
Radiac Research Corp.	261 Kent Avenue Brooklyn, NY 11249	\$1,375,400	\$6,877,000
Triumvirate Environmental Inc.	200 Inner Belt Road Somerville, MA 02143	\$2,514,400	\$12,572,000

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Bernard Orlan Director Environmental Health and Safety Division of School Facilities	Stephen Valente Director Contracts & Technical Services Division of School Facilities	Kelvyn Rodriguez Procurement Analyst

**PURPOSE**

Authorization is requested to contract with Radiac Research Corp. and Triumvirate Environmental Inc. for labor, material, and supervision necessary to remove hazardous waste materials from schools and administrative buildings. This contract will replace a contract that exceeded its estimated expenditures.

**DISCUSSION**

This Request for Bids (RFB) was advertised for seven days in the City Record and on the DCP web site. The RFB consisted of the following two geographically defined aggregate classes: Class 1 – Manhattan and the Bronx and Class 2 – Queens, Brooklyn, and Staten Island. Each class received three bids.

For this Job Order Contract (JOC), each task has a pre-set unit price listed in a construction task catalog (CTC). Pricing is determined by pre-set unit prices included in the CTC multiplied by bidders' multipliers (adjustment factors) for non-emergency and emergency work. The bid contains estimates of work to be done during the two periods. Estimated quantities are based on prior usage.

The RFB limited awards to no more than one aggregate class per vendor. Per the award limitation, Triumvirate Environmental Inc. (Triumvirate), the low bidder for both classes, is recommended for award of Class 2. Radiac Research Corp. (Radiac), the second low bidder for both classes, is recommended for award of Class 1. Awards of classes were assigned to achieve the lowest possible overall cost to the DOE.

Qualification meetings with Triumvirate and Radiac determined that both have satisfied the requirements of the RFB and have the organizational capacity to service their respective classes. Triumvirate and Radiac have held previous contracts with the DOE and have provided satisfactory service. DSF is confident that both vendors will continue to provide satisfactory service.

Contract estimates are based on previous usage. When compared with the adjustment factors of the prior contract, Triumvirate's and Radiac's pricing for Classes 1 and 2 are 16 and one percent lower, respectively. Based on the competitive nature of this procurement, these prices have been determined to be fair and reasonable.

**VENDOR RESPONSIBILITY**

**Radiac Research Corp.**

Radiac Research Corp. and its principal owners and officers were subject to a full comprehensive background check and no significant adverse information was found. Therefore, the vendor has been determined to be responsible.

**Triumvirate Environmental Inc.**

Triumvirate Environmental (Triumvirate) self-reported a combined twenty violations, judgments or liens, from various agencies which include: Pennsylvania Department of Environmental Protection (PADEP) (5), New York State Department of Environmental Conservation (NYSDEC) (3), Massachusetts Department of Environmental Protection (MADEP) (2), United States Environmental Protection Agency (USEPA) (2), Florida Department of Environmental Protection (FLDEP) (1), New Hampshire Department of Environmental Services (NHDES) (1), New York City Fire Department (FDNY) (1), New York City Business Integrity Commission (NYC BIC)(1), United States Department of Transportation (USDOT) (1), and Maryland Department of the Environment (MDE) (1). Fines totaling \$91,534 were paid by Triumvirate.

In light of the resolution of these matters and the size of Triumvirate, which generated \$101.9 million in revenue from 1,748 clients in 2016, the DOE does not believe they should preclude a determination that the vendor is responsible. Accordingly, Triumvirate is determined to be responsible.

**JOC FOR HAZARDOUS WASTE MATERIALS – B2803**

**AGGREGATE CLASS 1 – Manhattan / Bronx (Districts 1-12)**

**REQUEST FOR AUTHORIZATION TO CONTRACT FOR CEC STUYVESANT COVE, INC. TO PROVIDE TECHNICAL ASSISTANCE IN SUPPORT OF OFFICE OF COMMUNITY SCHOOLS**

High Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
\$68,274	Tax Levy	7/1/17 – 8/31/17	None	Negotiated Services	Yes	Full Value

<b>Vendor Name &amp; Address</b>	CEC Stuyvesant Cove, Inc. dba Solar One 37 West 26 <sup>th</sup> Street, Suite 209 New York, NY 10019
----------------------------------	---

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Toby Reyes Senior Operations Manager Office of Community Schools	Christopher Caruso Executive Director Office of Community Schools	Denesia Stroom-Blair Director, Funded & Special Services Procurement Central Office Procurement

**PURPOSE**

Authorization is requested to contract with CEC Stuyvesant Cove, Inc. dba Solar One (Solar One) on behalf of the Office of Community Schools (OCS) to deliver the CleanTech curriculum for the CareerClue Explorations program in six schools.

**DISCUSSION**

CareerCLUE (Community Learning, Understanding and Experience) is a credit-bearing, stipend-based summer program for rising 10th graders in Community Schools. The program is a collaboration between the New York City Department of Education (DOE) and the Center for Youth Employment (CYE). The partners have designed CareerCLUE as a foundational career development experience for young teens, supporting their acculturation to the world of work through service learning projects while strengthening academics and facilitating self-assessment and consideration of career paths.

During the summer of 2016, CYE, OCS and The Fund for Public Schools raised a mix of private and public funding to plan and deliver this initiative in three schools. Students who met program requirements earned an academic credit and paid work-readiness experience. Based on the success of last year, CareerCLUE Explorations is scaling to six schools.

The DOE’s contribution will cover the cost of CareerCLUE Explorations program, including direct delivery to students of the CleanTech curriculum for 20 days (4 days / week for 5 weeks) in six public schools. During this time, students gain content mastery in environmental sustainability, visit businesses and cultural institutions, learn from industry experts as guest speakers, and participate in service learning in their school community. Schools will cover four units – energy, air, food and materials, each with lesson plans and hands-on learning labs. Solar One also organizes weekly field trips, guest speakers and service learning activities.

Solar One and OCS started plans for services in the summer of FY’18, once private foundation funding for the project was confirmed. This must be processed as a Negotiated Service procurement because, while the vendor was pre-determined by the private funders, the DOE still pays a portion of the costs. Since funding was not confirmed until Spring of 2017, the request for contract was retroactive.

Solar One began work on the program starting in February 2017 at no cost to the DOE, receiving a grant of \$75,000 from The Fund for Public Schools to support program planning & development, coordination activities with the DOE, and field trip costs. This negotiated service is for services to the DOE starting on July 1, 2017.

The original total program cost was \$75,360, priced at \$628 per day per school. Negotiations led to a final price of \$568.95 per day per school to run the program, for a total cost of \$68,274, a price reduction of \$7,086.

The final negotiated pricing is based upon the vendor’s competitively procured MTAC R1033 contract, which provides similar STEM-related direct services to students, albeit on a smaller scale. As the vendor’s MTAC contract pricing

was set in February 2015, they were allowed to incorporate a 4.005% CPI increase in their labor rates (BLS Index for Urban Wage Earners and Clerical Workers). The remaining Materials and General and Administrative costs are comparable to their MTAC pricing.

Accordingly, pricing can be determined to be fair and reasonable.

**VENDOR RESPONSIBILITY**

A background check review of CEC Stuyvesant Cove, Inc. dba Solar One performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION FOR GRANT WRITING SERVICES**

Contract Amount / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
\$142,742	Tax Levy	3/01/17 - 6/30/17	None	Negotiated Service	Yes	Full Value

Vendor Name & Address	Estimated Contract Amount
<b>Metis Associates Inc.</b> 120 Wall Street, 21 <sup>st</sup> Fl. New York, NY 10005	\$102,742
<b>American Education Solutions</b> 10 Charles W. Briggs Road Croton On Hudson, NY 10520	\$40,000

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Madelyn Vida Executive Operations Director Office of State/ Federal Education Policy & School Improvement	Sharon Rencher Senior Advisor Office of State/Federal Education Policy & School Improvement Programs	Ivonne Camargo Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested to contract with Metis Associates, Inc. and American Education Solutions to provide grant writing support to the New York City Department of Education (DOE), Office of State/Federal Education Policy & School Improvement Programs.

**DISCUSSION**

The Magnet Schools Assistance Program (MSAP) Program provides grants to eligible local educational agencies to establish and operate magnet schools that are operated under a court- ordered or federally approved voluntary desegregation plan. These grants assist the desegregation of public schools by supporting the elimination, reduction, and prevention of minority group isolation in elementary and secondary schools with substantial numbers of minority group students. The Program supports capacity development through professional development and other activities that will enable the continued operation of the magnet schools at a high performance level after funding ends.

Metis provides proposal development, program planning, and evaluation services, with special expertise in writing proposals for and evaluating MSAP projects. The DOE selected Metis based on its experience working on New York City MSAP grant proposals since 1991 and Metis’s grant writing teams have secured approximately \$82 million in Magnet Schools Assistance Program competitive grants.

AES is a New York based consulting firm that provides proposal development, program planning, and evaluation services to school districts throughout the United States, with special expertise in writing proposals for and evaluating MSAP projects.

This contract is retroactive because the program office did not receive notification from the US Department of Education of the upcoming MSAP grant opportunities until December 2016. The pre-application/needs assessment for grant applications completion started in March 2017 as the grant proposals were due to the U.S. Department of Education in April 2017.

The DOE’s Committee on Contracts approved this contract on June 2, 2017, having determined that a competitive solicitation could not be completed due to time constraints. The program office has committed to procuring these services via a competitive solicitation currently being drafted.

AES and Metis proposed the same hourly rates for the same or similar job titles as those negotiated under a competitive procurement for System-wide Program Evaluation Services. Moreover, AES proposed the same unit price as the prior negotiated service while Metis proposed a total contract price that was less than one percent higher. Accordingly, pricing has been determined to be fair and reasonable.

**VENDOR RESPONSIBILITY**

A background check review of Metis Associates, Inc. and American Education Solutions performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendors have therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH THE YOUNG MEN’S AND WOMEN’S HEBREW ASSOCIATION OF WASHINGTON HEIGHTS AND INWOOD TO PROVIDE EARLY CHILDHOOD EDUCATION SERVICES FOR FOUR-YEAR-OLDS IN THE UNIVERSAL PREKINDERGARTEN (UPK) PROGRAM**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$599,724	New York State Education Department (NYSED), Tax Levy	One Year	None	N/A	Negotiated Service	Yes	Requirements

<b>Vendor Name &amp; Address</b>	The Young Men’s and Women’s Hebrew Association of Washington Heights and Inwood 54 Nagle Ave New York, NY 10040
----------------------------------	---

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Jacqueline Chu Executive Director, Field Operations Division of Early Childhood Education	Xanthe Jory Executive Director of Expansion, Policy and Performance Division of Early Childhood Education	Angela Edwards Chief Administrator Central Office Procurement

**PURPOSE**

Authorization is requested to contract with the Young Men’s and Women’s Hebrew Association of Washington Heights and Inwood to provide high-quality instructional programming as part of the Full-Day Universal Prekindergarten (UPK) program.

**DISCUSSION**

In 1997, the New York State Education Department (NYSED) established the Universal Prekindergarten program (UPK), which entitles eligible four-year-olds to receive 2 hours and 30 minutes of instructional programming for 180 days at no charge to families. In March 2014, the State legislature approved a \$300 million grant to expand full-day pre-kindergarten access in New York City. The legislation allows for high-quality UPK programs to be awarded new full-day UPK seats or to convert existing half-day seats to full-day seats.

The UPK program operates citywide in public and non-public school settings. Achieving universal access to prekindergarten services depends on the partnerships that link community-based organizations with the NYC public school system.

Additionally, New York State Education Law provides for a statewide Universal Prekindergarten Program and contracts for these services are necessary.

The City of New York is continuing to implement Pre-K for All, a truly UPK system in New York City that provides every age-appropriate child with free, full-day, high-quality Pre-K. As such, a Request for Proposals (RFP R1156) was released on June 23, 2016, seeking to identify and award eligible high-quality early childhood providers willing to collaborate with the DOE’s Division of Early Childhood Education (DECE) to implement the Pre-K for All program in New York City districts with a need for more publicly-funded, full-day Pre-K seats than the DOE is able to offer within the New York City public school system. This RFP was open to providers planning to offer Pre-K in any of the New York City zip codes in which the DOE determined that there was high need for Pre-K seats. The deadline for proposals was September 16, 2016.

The Young Men’s and Women’s Hebrew Association of Washington Heights and Inwood (Nagle Y), is located outside of the zip code parameters set forth in the above-mentioned RFP for full-day Pre-K services, and consequently was not eligible to submit a proposal through this RFP. The Nagle Y is currently contracted through the DOE as a half-day Pre-K provider through a previous RFP but now seeks to further serve the needs of their community by becoming a full-day UPK provider.

In order to more comprehensively understand the seat need within zip code 10040, the DECE engaged community-stakeholders, performed additional demand analyses, and conducted site visits to collect supplementary information on the topographic challenges presented by the neighborhood’s hilly terrain. Based on this extensive examination, the DOE determined that there is a present and immediate need for additional full-day seats in this particular location.

In an effort to fulfill this need, the DECE invited current half-day providers in the 10040 zip code of Washington Heights and Inwood to submit proposals for conversion of their half-day seats to full-day seats for the 2017-2018 school year. The Nagle Y was the only provider to submit a proposal and, although it was initially determined ineligible to apply to the original RFP, was subsequently determined eligible for award of full-day Pre-K seats based on both demand and quality standards. The Nagle Y will be eligible to submit a proposal in response to the RFP released in June 2017 to continue providing full-day services beyond June 2018, should they be awarded.

The program provides at least 180 days of full-day Pre-K for All services, including at least 176 days of instruction and four days of professional development for teachers. Providers must operate five days (Monday to Friday) in a typical week, and provide a minimum of six hours and 20 minutes and a maximum of seven hours of Pre-K for All services each day. Providers may request approval from the DECE field offices to operate six days per week in a typical week (Monday through Friday and either Saturday or Sunday) and/or to operate for fewer than six hours and 20 minutes per day.

DECE convened an evaluation committee consisting of DECE Pre-K for All consultants with extensive experience in Early Childhood education and the Nagle Y's proposal was scored using the following evaluation criteria:

RESPONSE CATEGORY	MAXIMUM POINTS
Vision and Organizational Capacity	11
Effective School Leadership and Collaborative Teachers	23
Rigorous Instruction	36
Strong Family-Community Ties	19
Supportive Environment	11
<b>TOTAL</b>	<b>100</b>

The Nagle Y met the DOE's quality standards, proposed a viable site, presented fair and reasonable pricing, and is therefore recommended for award.

While price is not an evaluation criteria, the contract award was subjected to successful budget negotiations between the DOE and the Nagle Y based on a fair and reasonable price per student. DECE negotiated the budget, inclusive of the cost-per-child and any proposed start-up funding (materials, furniture, and/or construction). The Nagle Y's program expenditures were subject to review to ensure that actual expenditures were consistent with the approved budget. The negotiated cost-per-child is the amount charged for the term of the entire contract.

The UPK full-day expansion allows for limited start-up funds for programs beginning new full-day programs. Vendors requiring start-up funds were offered additional resources outside of their negotiated per child rate for the first year of their contract. These funds will support facilities improvements necessary for their required Department of Health and Mental Hygiene permit, other small upgrades, or for furniture and other materials for their new classrooms. Since the term of this contract is for one year, start-up funding was not provided.

This contract is retroactive due to the time required to finalize recommendation for award following additional demand analyses and evaluation of the vendor's additional proposal for conversion of half-day to full-day seats.

**VENDOR RESPONSIBILITY**

The vendor listed in the table below and its principal owners and officers were subject to a comprehensive background check and have been determined to be responsible.

Vendor	Site District	Site ID	Geographic Borough	Site Zip Code	Awarded # of Full-Day Seats	Negotiated Cost per Child for Full-Day Seats	Negotiated Annual Contract Amount for Full-Day Seats	Start-up costs for furniture and materials	Start-up costs for facilities / permits	Highest Annual Amount	Total Contract Amount
Young Mens and Young Womens Hebrew Association of Washington Heights and Inwood, Inc	6	MANY	M	10040	54	\$11,106.00	\$599,724.00	-	-	\$599,724.00	\$599,724.00

**REQUEST FOR AUTHORIZATION TO AMEND UNIVERSAL PREKINDERGARTEN CONTRACTS FOR 3-K SERVICES IN DISTRICTS 7 & 23 WITHIN NEW YORK STATE**

Contract Increase	Funding Source	Contract Term	Procurement Method	Is Contract Retroactive?	Contract Type
\$1,567,340.00	Tax Levy	7/1/17 through Remainder of the Contract	Contract Amendment per Section 4-08 of DOE Procurement Policy & Procedures	Yes	Requirements

<b>Vendor Name &amp; Address</b>	See table below.
----------------------------------	------------------

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Jacqueline Chu Executive Director, Field Operations Division of Early Childhood Education	Xanthe Jory Executive Director of Expansion, Policy and Performance Division of Early Childhood Education	Angela Edwards Chief Administrator Central Office Procurement

**PURPOSE**

Authorization is requested to amend Universal Prekindergarten (UPK) contracts with the vendors listed below to provide 3-K services to three year olds in Districts 7 and 23 beginning July 1, 2017 through the respective contracts' remaining terms. The overall term of the contracts will remain unchanged.

**DISCUSSION**

In 1997, the New York State Education Department (NYSED) established the Universal Prekindergarten program (UPK), which entitles eligible four-year-olds to receive two hours and 30 minutes of instructional programming for 180 days at no charge to families. In March 2014, the State legislature approved a \$300 million grant to expand full-day prekindergarten access in New York City.

Existing UPK providers in Districts 7 and 23 were invited to indicate their willingness and capacity to extend their services to 3 year old children (3-K) and interested providers were vetted to assess their ability to successfully provide high-quality 3-K. All vendors that expressed a desire to expand were determined to have the necessary capacity.

The selected programs have agreed to provide at least 180 days of 3-K services, including at least 176 days of instruction and four (4) days of professional development for teachers. Providers must operate five (5) days (Monday to Friday) in a typical week, and provide a minimum of six (6) hours and twenty (20) minutes and a maximum of seven (7) hours of 3-K services each day. Providers may request approval from the DECE field offices to operate 6 days per week in a typical week (Monday through Friday and either Saturday or Sunday) and/or to operate for fewer than six (6) hours and twenty (20) minutes per day.

The vendors listed have demonstrated permit capacity for three-year-old seats through their Department Of Health and Mental Hygiene (DOHMH) permit(s) and the amendment to provide full-day 3-K services, where applicable, will not convert existing half-day four year-old seats to full-day.

DECE reviewed vendors' existing budgets and negotiated costs for start-up funding and 3-K services based on a fair and reasonable price per student. DOHMH space requirements for three-year-olds limit each classroom to 15 students with one lead teacher and one paraprofessional.

DECE has attested to the vendors' satisfactory performance for the UPK services provided in their current contracts, and therefore recommends these amendments.

These contract amendments are retroactive because the time required to complete health and safety reviews, budget reviews and/or vendor responsibility determinations delayed their processing.

**VENDOR RESPONSIBILITY**

A background check review of the below vendors performed by the New York City Department of Education, which includes various DOE files, VENDEX, and Federal and State databases found no significant adverse information. The vendors have therefore been determined to be responsible.

Site ID	District	Vendor Legal Name	Negotiated Cost per Child for 3-K Seats	FY18 Estimated # of 3-K seats	Start-up costs	Highest Annual increase amount (including start-up costs)	Remaining Years (Effective 7/1/17)	Total increase amount (Effective 7/1/17)

**REQUEST FOR AUTHORIZATION TO EXTEND A CONTRACT WITH ALL ONE SOURCE SUPPLIES, INC. AND APPCO PAPER & PLASTICS CORP. TO PROVIDE CAFETERIA DISPOSABLES AND CLEANING SUPPLIES – B1165**

Estimated Extension Amount	Funding Source	Extension Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$11,331,668	Tax Levy	One Year (10/01/17 – 9/30/18)	None	NA	Extension per Section 4-07(b) of DOE Procurement Policy & Procedures	No	Requirements

Vendor Names & Addresses
All One Source Supplies, Inc. 1500 Troy Ave. Brooklyn, NY 11203
Appco Paper & Plastics Corp. 3949 Austin Blvd. Island Park, NY 11558

Contract Manager	Lead Contract Officer	Division of Contracts & Purchasing Contact
Janice Zapinsky Deputy Director Contract Management Unit Office of School Support Services	Lisa D'Amato Director Contract Management Unit Office of School Support Services	Robin Greene Procurement Analyst

**PURPOSE**

Authorization is requested on behalf of the Office of SchoolFood (OSF) to extend contracts with All One Source Supplies, Inc. and Appco Paper & Plastics Corp. to deliver paper, disposable goods, and cleaning supplies directly to high schools and the SchoolFood warehouse.

**DISCUSSION**

The contracts proposed for extension were originally awarded as four-year contracts pursuant to a Request for Bids (RFB) that included the following four aggregate classes:

Aggregate Class	Deliverables
1	Paper and Disposables to the SchoolFood Warehouse
2	Cleaning Supplies to the SchoolFood Warehouse
3	Paper and Disposables to High Schools throughout the Five Boroughs
4	Cleaning Supplies to High Schools throughout the Five Boroughs

All One Source Supplies, Inc. was awarded Aggregate Class 1 and Appco Paper & Plastics Corp. was awarded Aggregate Classes 2, 3, and 4.

The Office of SchoolFood requires additional time to re-procure these goods to allow the inclusion of new products that are environmentally friendly, recyclable, and compostable and that meet new regulations. The extension of these contracts for an additional year will ensure these products are available for purchase until new products are evaluated, appropriate product catalogs are selected, and new contracts are awarded.

It is anticipated that new contracts will be in place before the extension of these contracts expire in September 2018, in which DOE will have the option to terminate said extensions.

On July 12, 2017, the Chancellor’s Committee on Contracts approved a request to extend these contracts.

The original contracts for these services were competitively procured, with five to eight bids received for each aggregate class. The original unit pricing, which was determined to be fair and reasonable, will remain in effect, with adjustments in accordance with the original contract. All other terms and conditions will remain the same. The estimated amount is based on usage history and expenditures from fiscal year 2017.

Vendor	Estimated Expenditure for Fiscal Year 2017
All One Source Supplies, Inc.	\$4,982,129
Appco Paper & Plastics Corp.	\$6,349,539

**VENDOR RESPONSIBILITY**

**All One Source Supplies Inc.:**

VENDEX reports 2 poor evaluations issued to All One-Source Supplies Inc. (All One) from the Department of Citywide Administrative Services, Office of Citywide Procurement (DCAS-OCP), formerly known as the Division of Municipal Supply Services, for the evaluation periods ending 6/30/2014 and 9/30/2014.

DCAS-OCP indicated that the 2 poor evaluations from the periods ending 6/30/2014 and 9/30/2014 were due to the vendor’s failure to deliver products within the specified time frame, which resulted in a buy-against action on the purchase order. No corrective action was taken against All One. DCAS-OCP has indicated that All One has improved the timeliness of their deliveries and has been awarded several contracts since.

In the past 3 years, VENDEX has not reported any new performance evaluations for All One, but DCAS has indicated that the vendor’s performance has been good since 2014. Moreover the vendor has received a satisfactory performance evaluation on prior DOE work.

In light of the vendor’s performance since, the DOE does not believe this matter precludes a determination that the vendor is responsible. Therefore, the vendor is determined to be responsible.

**Appco Paper & Plastics Corp.:**

Appco Paper & Plastics Corp and its principal owners and officers were subject to a full comprehensive background check and no significant adverse information was found. Therefore, the vendor has been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO EXTEND CONTRACTS  
FOR HEAVY DUTY CAFETERIA AND KITCHEN EQUIPMENT - B1475**

Estimated Extension Amount	Funding Source	Extension Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type

Triple Bowl Refrigerator, Premix Dispenser				x
Household Refrigerator / Freezer				x

These contract extensions are retro as it was anticipated that award pursuant to a successor RFB would be in place. However, due to the ongoing vendor qualification process and Cost Price Analysis review the new contracts are expected to be registered by January, 2018.

On July 12, 2017, the Chancellor's Committee on Contracts approved a request to extend these contracts.

The original contracts for these services were competitively procured, with four to seven bids received for 30 individual items and four to five bids received for the two aggregate classes. The original unit pricing, which was determined to be fair and reasonable, will remain in effect, with adjustments in accordance with the original contract. All other terms and conditions will remain the same. The estimated amount is based on usage history and expenditures from fiscal year 2017. Five items (Therm and Hold Cabinet Production - Full Size, Portable Preparation Table, 36" Cold Food Unit, Therm and Hold Cabinet High Production - Half Size, and Ice Machine with Water Filter) have been removed, as OSF determined that these items need not be purchased during this extension.

**VENDOR RESPONSIBILITY**

A background check of Singer Equipment Company, Inc.; Ideal Restaurant Supply Co., Inc.; and Chef's Depot d/b/a Culinary Depot, performed by the New York City Department of Education, including VENDEX, Vendor CIP, the System for Award Management (SAM), the New York State Department of State's Division of Corporations, the New York State Department of Labor Workers Compensation Board, the Occupational Safety & Health Administration (OSHA), and the New York State Charities Bureau, found no significant adverse information. The vendors have provided satisfactory service under their contracts for these items. Accordingly, these vendors have been determined to be responsible.

**Sam Tell and Son, Inc.:**

In April 2015, a former employee filed a Fair Labor Standard Act lawsuit against Sam Tell and Son, and both principal owners in the U.S District Court for the Eastern District of New York. The plaintiff alleged that he had been the subject of unlawful employment practices by the defendants. In September 2016, both parties entered into a settlement and general release agreement, in which Sam Tell and Son agreed to pay the plaintiff \$25,000 and he in turn, agreed to release the vendor from any and all future claims. On March 28, 2017, the settlement and general release agreement was ordered by the court closing the case.

In light of the resolution of the above matter, the DOE determines the vendor to be responsible.

**WITHDRAWN**

**AUTHORIZATION TO CONTRACT WITH FOLLETT SCHOOLS SOLUTIONS, INC  
FOR TEXTBOOKS AND ANCILLARY MATERIALS**

Estimated Annual/ Total Contract Amount	Funding Source	Contract Term	Procurement Method	Is Contract Retroactive?	Contract Type
\$50,000.00/ \$350,000.00	Reimbursable, Tax Levy,	7 Years	Listing Application	No	Requirements

<b>Vendor Name &amp; Address</b>	Follett School Solutions, Inc. 1340 Ridgeview Drive McHenry, IL 60050
----------------------------------	---

Contract Manager:	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Morayo Tracey Oyemade Deputy Senior Executive Director Finance and Procurement Division of Teaching and Learning	Morayo Tracey Oyemade Deputy Senior Executive Director Finance and Procurement Division of Teaching and Learning	Matthew Coffey Director, Instructional Materials Procurement Division of Contracts and Purchasing

**STATEMENT OF PURPOSE**

Authorization is requested to contract with Follett Schools Solutions, Inc. (Follett) to provide Sunshine Classics published and copyrighted textbooks and ancillary materials to all public and participating non-public schools.

**DISCUSSION**

Follett is the exclusive distributor of Sunshine Classics materials. The line of products contains over 500 titles for Grades Pre-K, K, 1, and 2. The materials are carefully designed so that all elements, including the introduction and repetition of high-frequency words, illustration, text matching, sentence construction and line breaks, make learning to read successful for all children. Each level of these books features a Skills Chart that covers that level's key topics, themes, vocabulary, and grammar. Because these materials cannot be purchased in the open market, a competitive sealed bid process is impractical.

The proposed contract requires that the prices the Department of Education pays will be the lowest offered to any client. Follett has also agreed to a 20% discount and 0% shipping and handling charge. As such, pricing for these materials are considered fair and reasonable. The estimated contract amount is based on expenditures under the vendors' previous contract.

**VENDOR RESPONSIBILITY**

A background check review of Follett Schools Solutions, Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH JASP PUBLISHING INC.  
TO PROVIDE TEXTBOOKS AND ANCILLARY MATERIALS**

Estimated Annual/ Total Contract Amount	Funding Source	Contract Term	Procurement Method	Is Contract Retroactive?	Contract Type
\$75,000/ \$525,000	Reimbursable, Tax Levy,	7 Years	Listing Application	No	Requirements

<b>Vendor Name &amp; Address</b>	JASP School Solutions, Inc. 133-16 230 <sup>th</sup> Street Queens, NY 11413
----------------------------------	--

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Morayo Tracey Oyemade Deputy Senior Executive Director Finance and Procurement Division of Teaching and Learning	Morayo Tracey Oyemade Deputy Senior Executive Director Finance and Procurement Division of Teaching and Learning	Matthew Coffey Director, Instructional Materials Procurement Division of Contracts and Purchasing

**STATEMENT OF PURPOSE**

Authorization is requested to contract with JASP Publishing Inc. (JASP) to provide published and copyrighted textbooks and ancillary materials to all public and participating non-public schools.

**DISCUSSION**

JASP Publishing publishes literacy, reading, language arts, science, mathematics, and social studies materials for students in Pre-K through fifth grade. JASP Publishing is the sole publisher of their copyrighted materials. Because these materials cannot be purchased in the open marketplace, a competitive sealed bid process is impractical.

The proposed contract requires that the prices the Department of Education pays will be the lowest offered to any client. JASP has also agreed to provide free shipping and handling. As such, pricing for these materials has been determined to be fair and reasonable. The estimated contract amount is based on expenditures under the vendor's previous contract.

**VENDOR RESPONSIBILITY**

A background check review of JASP School Solutions, Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH  
SELECT AEROSPACE INDUSTRIES, INC. – RA5877**

Estimated Total / Annual Contract Amount	Funding Source	Contract Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$150,000 / \$750,000	Tax Levy	Five Years	None	NA	Sole Source Goods	No	Requirements

<b>Vendor Name &amp; Address</b>	Select Aerospace Industries, Inc. P.O. Box 219 Weyers Cave, VA 24486
----------------------------------	--

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
John Becker Director Career and Technical Education	Tom Pendleton Executive Director Office of Postsecondary Readiness	Margaret Riccardelli Procurement Analyst School Based Procurement

**PURPOSE**

Authorization is requested to enter into a contract with Select Aerospace to supply instructional equipment used by career and technical high schools. Funding will be provided by individual schools and/or central offices.

**DISCUSSION**

Career and technical schools require equipment from Select Aerospace’s Avotek Aviation Maintenance and Technician Training Equipment Catalog. The training items to be purchased are used for aviation maintenance and aircraft troubleshooting, such as runnable turbo and reciprocating engines, and electrical and hydraulic system cutaways. This equipment is designed to provide aviation students with hands-on learning experiences leading to a practical knowledge of how to maintain, troubleshoot, and repair jet aircraft and airplanes.

Select Aerospace is the manufacturer and sole provider of this equipment, and the products offered are unique in design and function. All of Select Aerospace’s products are tailored for training and instruction, and research by the Office of Career and Technical Education has confirmed that these features are not found on any other aircraft technology products currently available on the market.

A sole source procurement was publicly advertised for seven days in the City Record and on the DCP website. The advertisement invited any vendor that could provide a like product to respond in writing. DCP received no responses to this solicitation.

Select Aerospace has provided in writing that no other agency, institution, organization, school district, or municipality will receive better pricing than offered to the DOE. Therefore, pricing can be determined as fair and reasonable.

**VENDOR RESPONSIBILITY**

A background check review of Select Aerospace performed by the New York City Department of Education, which includes various DOE files, VENDEX, and Federal & State databases, found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH MULTIPLE VENDORS TO PROVIDE SCHOOL-BASED MENTAL HEALTH PREVENTION AND INTERVENTION SERVICES FOR HIGH NEED SCHOOLS – R1181**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
\$6,200,000 / \$12,400,000	Tax Levy	Two Years	None	Expedited Competitive Solicitation (ECS)	No	Requirements

<b>Vendor Name and Address</b>	See Table A below.
--------------------------------	--------------------

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Bahram Fathi Director of Operations Office of School Health	Roger Platt Chief Executive Officer Office of School Health	Lisvett Jaen Director Central Office Procurement

**PURPOSE**

Authorization is requested on behalf of the Office of School Health (OSH) to contract with the vendors listed to provide school-based mental health treatment, crisis intervention services and related supplemental services to students and their families in High Need Schools.

**DISCUSSION**

The DOE’s Office of School Health (OSH) has a history of working in partnership with the New York City Department of Health and Mental Hygiene (DOHMH) to offer innovative interventions for New York City High Need Schools (HNS). One such program is the School Mental Health Prevention and Intervention Program (SMHPIP), which works with school leaders to support the implementation and expansion of mental health services provided to all students at HNS using a multiple-service approach to improve both school climate and the services to students with emotional, behavioral, and mental health needs. This program will build on OSH’s partnership with clinics, hospitals, educational institutions, and/or Community-Based Organizations to provide teachers with more options, increase student access to mental health services, and include greater family engagement through community referrals, family therapy, parent workshops, and trainings. Services are necessary in order to increase opportunities for children with emotional and behavioral difficulties and their families to receive high-quality mental health services in the school setting.

An Expedited Competitive Solicitation (ECS) was released seeking to contract with multiple qualified vendors to provide school-based mental health services under the SMHPIP program using a multiple-service model that consists of three segments: Targeted, Selective, and Universal Interventions to school-age children (ages 5-18) and their families. Services will be available for use by High Need Schools and will be chosen for each school based on the specific needs of that campus, as determined by a needs assessment performed by OSH mental health managers. The resulting contracts will be managed by OSH, which will assign mental health managers to work with school leaders. Vendors were required to propose for each of the following three categories of services:

- **Targeted Intervention Services** focused on identifying students exhibiting specific symptoms and possible mental illness who would benefit from individual clinical care and assessment by a licensed mental health clinician, including individual, group or family treatment/counseling, psychiatric consultation, prescription and monitoring of psychopharmacologic medications, case management, 24-hour emergency services, home visits, and crisis interventions.
- **Selective Intervention Services** focused on earlier preventive, detection, or mental health promotion strategies that target subgroups of the general population determined to be at higher risk for substance misuse or mental illness and that would benefit from, for example, group interventions that include peer mediation, self-care mental health promotion, and skill building.
- **Universal Intervention Services** that emphasize preventive measures encompassing the entire school population, including programs and curriculum that offer skill enhancement to staff and students alike. Teachers, administrative staff, and families will be provided with training to participate and support programs to improve student behavior and identify those in need of clinical health services.

The ECS process was selected as a means of quickly delivering these critical services while still providing for a competitive process. The DOE's Multiple Task Award Contracts (MTAC) tool will be utilized to determine vendor/school placements once proposals are evaluated and determined to be eligible for award. OSH mental health managers will create a scope of services based on each school's needs assessment and conduct a mini-solicitation among the vendors awarded a contract through this ECS. Vendors will then provide a statement of work and pricing that will be evaluated and scored by the schools. This process will ensure competition among the awarded vendors. Though certain aspects of the MTAC process are being utilized for this solicitation, it differs in that proposals are not being accepted on a continuous basis and there is a one-time proposal submission. Annual contract amounts are estimates based on an equal division of the overall budget allocated for this program. Actual amounts will be determined when vendors are assigned to a HNS.

The total budget for this program will not exceed \$6,200,000 annually. All services will be provided based on a capped rate of no more than \$90 per student and a maximum annual expenditure of \$157,751 per school. These amounts are based on the costs of previous contracts with Community-Based Organizations (CBOs) under the Community Schools program established by the Department of Youth and Community Development (DYCD) for similar services. Providers will not be allowed to charge in excess of the maximum rate per student or the maximum expenditure per school for these services. The establishment of a cap rate does not mean that providers will necessarily bill the maximum for each service; instead, providers will submit their responses to mini-solicitations, including costs for services according to schools' needs; schools will select from among these mini-bids based on their assessment of service, convenience, and price.

The DOE affirmatively reached out to solicit a sufficient number of potential vendors, including vendors previously contracted to offer similar sets of services, to ensure a wide and diverse group of providers. Eighteen proposals were received. Proposals were reviewed by six committees of three evaluators each consisting of mental health managers, health directors, social workers, and mental health field supervisors. Proposals were scored based on the following criteria: Organizational Capacity (35 points), Program Plan (35 points), and Demonstrated Effectiveness (30 points).

After the initial round of evaluations, the three highest scoring proposals were immediately recommended for award. The committee requested refinement and clarifications of the remaining 15 proposals in the areas of staff allocation, expertise, and hiring; service integration, roll-out, and timelines; data recording and reporting; sub-contractor's service capacity and logistics; and success measures and impact of past service delivery. All 15 vendors submitted revised proposals. Based on the revised proposals, 13 of the remaining 15 proposals were recommended for contract award.

The total expenditures per school for these services may exceed DOE funding amounts because vendors will be able to collect Medicaid reimbursements for medical services provided to eligible students as well as receive monies from other sources (such as grants). The Office of School Health estimates that there will be a 40% Medicaid share for services under this program.

A school may have more than one health worker depending on the needs of its population. Services are required to be provided during the full school year, and additional services may be provided during the summer depending on each individual school's circumstances.

In order to evaluate pricing, we converted the per student rate to estimated hourly rates. At the maximum per student rate of \$90, DOE funding for a mental health worker with a 500 student case load would be \$45,000 or between \$21 to \$26 per hour. These rates falls within the range of clinical service rates for a social worker paid by the DOE under MTAC R0695 – School Based Mental Health and Behavioral Services for schools with a 40% Medicaid share, which goes from \$18.13 to \$82.89 per hour.

Accordingly, the rates provided under this contract are found to be fair and reasonable.

An ECS was the preferred method of procurement due to time constraints, as services are required for the 2017-2018 school year. Use of the ECS process also allowed the DOE to request further clarifications and refinement of proposals prior to making award recommendations. It is necessary to contract for these services because the DOE does not possess the expertise, personnel, or resources necessary to meet the program's objectives.

Table A – Vendors Recommended for Award	
Name and Address	Estimated Annual / Total Contract Amount
<b>Association To Benefit Children</b> 419 East 86 Street New York, NY 10028	\$387,500 / \$775,000
<b>Astor Services for Children &amp; Families</b> 6339 Mill Street Rhinebeck, NY 12572	\$387,500 / \$775,000
<b>Brooklyn Center for Psychotherapy, Inc.</b> 300 Flatbush Avenue Brooklyn, NY 11217	\$387,500 / \$775,000
<b>Counseling In Schools, Inc.</b> 505 Eighth Avenue, Suite 12A-06 New York, NY 10018	\$387,500 / \$775,000

<b>Total Budget Amount:</b>	<b>\$6,200,000 / \$12,400,000</b>

**VENDOR RESPONSIBILITY****Association To Benefit Children:**

Noteworthy information identified for the Association to Benefit Children (“ABC”) regarding a New York City Comptroller regular compliance audit dated on May 20, 2005, which concluded that ABC owed the city a total of \$139,682 due to advances made by the New York City Administration for Children’s Services (“ACS”) based on prior per diem rates. ABC has provided proof of repayment to ACS and the report concluded that ABC generally complied with the regulations of foster care programs, had an adequate system of internal controls over the recording and reporting of its expenses, revenues, and days-of-care, and that it reported its days-of-care accurately. As the vendor has repaid the amount owed, the audit’s other positive findings, ABC’s prior satisfactory performance on DOE contracts, the DOE does not believe this matter precludes a determination that the vendor is responsible. Accordingly, the vendor is deemed responsible.

**Astor Services for Children and Families:**

A background check review of Astor Services for Children & Families performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**Brooklyn Center for Psychotherapy Inc.:**

A background check review of Brooklyn Center for Psychotherapy Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**Counseling in Schools, Inc.:**

A background check review of Counseling in Schools Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**Good Shepherd Services:**

Noteworthy information identified for prime vendor Good Shepherd Services (GSS).

VENDEX reports the following:

- A self-reported VENDEX caution indicates that, while transporting a group of children from their school to GSS in 2015, a child was inadvertently left behind. GSS staff located the child unharmed and submitted corrective action plans to the NYC Department of Youth and Community Development, NYC Department of Health, and the NYS Office of Children Family Services (“NYS OCFS”). NYS OCFS fined GSS \$15,000 and suspended its School Age Children Care (“SACC”) license for two weeks. ACS substantiated findings of neglect against GSS staff but not the vendor. The staff involved in this circumstance no longer works for GSS.

A second self-reported VENDEX caution indicates that, the Special Commissioner of Investigation for the New York City School District (SCI) reported in 2014 that an employee working for GSS at an after-school-program admitted to sexually abusing three Bronx students under the auspices of a contract with the Department of Youth and Community Development (DYCD). While GSS terminated the individual, DYCD did not terminate the contract and has since awarded other like contracts to GSS. Moreover, the DOE has been advised by GSS that all employees must undergo a background check in compliance with DOE, Department of Health, and School Age Child Care policies and, in response to this matter, it increased the frequency of unannounced classroom visits, tightened procedures regarding incident reporting and held a workshop regarding improving the safety of students in their care for all after school program managers in September 2014.

- In 2014, an investigation was conducted by SCI which found a former intern and aide employed by GSS had engaged in sexual misconduct with a family member in Mexico in 2008. GSS had no ability to know of the incident until revealed, but the student’s internship was terminated following the report of the allegation.

The DOE also is aware of the following:

- In 2010, several third parties had billed Medicaid for ambulance services that should have been billed to, and paid by, GSS. While GSS did not admit to any violation of law, it repaid \$69,348 and sent revised policies to the Office of the Medicaid Inspector General that was implemented to prevent the problem from reoccurring.
- A 2010 report from SCI substantiated that two employees intentionally falsified records regarding dates of service and submitted them to a DOE school with the knowledge of their immediate supervisor. All three no

longer work for GSS and the vendor agreed to a set-off against future invoices in the amount of \$70,143, representing what was paid for the services of those two individuals.

Additionally, between 08/11/14 through 08/17/016, GSS disclosed ten cases (10) of substantiated cases of client abuse and/or neglect. Eight (8) cases have pertained allegations of foster care parents and two (2) cases have pertained allegations of staff members. Based on the details for each incident, including details of corrective action taken by the vendor, it can be concluded that proper action was taken by the vendor in response to each incident. Moreover, the DOE obtained a Certification Regarding Substantiated Cases of Client Abuse or Neglect that was executed by GSS for ACS that addressed those matters. The Certification indicates that ten foster children have been relocated, one staff member has been terminated and the other staff member is in the process of appealing the substantiated determination. ACS continues to contract with GSS for these services with some contracts running through 2020.

In light of the resolution of the matters reported above and the size of GSS, which includes 1,184 employees that serve nearly 30,000 youth and family members throughout New York City, and given that the vendor's performance under its contracts with the DOE dating back to 1998 has been excellent the DOE determines that the vendor is responsible.

**Henry Street Settlement:**

VENDEX report two poor evaluations for Henry Street Settlement from the Department of Youth and Community Development for evaluation periods March 31, 2016 and June 30, 2015.

- DYCD indicated that the poor evaluation from the period ending March 31, 2016 was due to the vendor not meeting the overall performance expectations in regards to enrollment, job placement and record keeping in association with Henry Street Settlement's Summer Youth Employment Program. However, DYCD indicated they implemented two Corrective Action Plans and two Work Improvement Plans. In subsequent evaluations for this contract, DYCD indicated that Henry Street Settlement's Young Adult Internship Program received a fair overall rating.
- DYCD indicated that the poor evaluation from period ending June 30, 2015 was due to the vendor failing to meet contractual obligations by not meeting program goals in Henry Street Settlement's Young Adult Internship Program. However, DYCD indicated that in the subsequent evaluation period ending March 31, 2016, Henry Street Settlement's Young Adult Internship Program received a good overall rating.

In the past three years, VENDEX otherwise reports 69 performance evaluations for Henry Street Settlement, of which 6 were excellent, 47 were good, and 14 were fair. Additionally, since the last poor evaluation from DYCD, on all contracts, Henry Street Settlement has received 1 excellent, 9 good, and 3 fair from DYCD on other contracts. Moreover, the vendor has received a satisfactory performance evaluation on prior DOE work.

Henry Street Settlement had a prior VENDEX caution regarding an investigation by the New York City Department of Investigation (DOI) and the possible use of the Department of Youth & Community Development (DYCD) funds, to pay participants for work they did not perform during the summer of 2008. On April 30, 2010, DOI released a report recommending that Henry Street emphasize that login information to the timekeeping system cannot be shared. The report also emphasized that the vendor provide closer oversight on the entry of working hours into the system and ensure the debit cards for youths who ultimately did not work are maintained in a secure location.

Affiliate, Second Henry Street Housing Development Fund Corp., disclosed in VENDEX a DOI investigation on Henry Street Settlement's in School Youth program, conducted under the auspices of DYCD. The investigation was an inquiry about one program participant and did not relate to a principal owner, officer, or managerial employee of the agency. Henry Street Settlement advises that as of July 1, 2011, DOI notified it that the investigation had been completed with no formal charges brought by DOI or any other governmental agency.

Additionally, according to New York State records, in 1996, a former Executive Director of Henry Street Settlement pled guilty to second degree forgery and received five years' probation.

In light of the corrective actions taken by the vendor on the matters reported above, the DOE does not believe they precludes a determination that the vendor is responsible. Accordingly, the vendor is determined to be responsible.

**Interborough Development and Consultation Center, Inc.:**

Interborough Developmental & Consultation Center, Inc. (IDCC) disclosed in VENDEX that an internal audit was conducted by BDO USA, LLP for the fiscal year ending June 30, 2015, which revealed material weaknesses in internal systems. Specifically, a lack of timely account analysis was uncovered and it was recommended that IDCC

hire additional accounting staff to address the problem. The official audit report for IDCC does not reveal the material weaknesses disclosed since according to the vendor, BDO USA, LLP was not required to provide an opinion on the internal controls of the company in the audit report. However, the auditors internally provided to IDCC's board and management its assessment on the internal controls, which is why the vendor reported it in its VENDEX questionnaire. IDCC advised that it hired additional staff and implemented changes to their account process to address the material weaknesses internally provided by the auditors.

**Jewish Board of Family and Children Services Inc.:**

A background check review of Jewish Board of Family and Children Services Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**Mental Health Providers of Western Queens, Inc.:**

A background check review of Mental Health Providers of Western Queens, Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**Partnership for Children, Inc.:**

In 2011, SCI released a report indicating that an employee of Partnership with Children, while working as a social worker in a DOE school, acted inappropriately toward three female students. The employee was terminated and Partnership with Children provided the DOE with a corrective action plan which was determined to be acceptable. In light of the corrective actions by the vendor, the DOE does not believe this matter precludes a determination that the vendor is responsible. Accordingly, Partnership with Children is determined to be responsible.

**Staten Island Mental Health Society, Inc.:**

A background check review of Staten Island Mental Health Society, Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**The Child Center of New York, Inc.:**

The Child Center of NY (TCCNY) previously disclosed in VENDEX an investigation conducted by the Special Commissioner of Investigation for the New York City School District (SCI) that substantiated allegations that an employee of TCCNY behaved in an inappropriate manner towards a student, and that a Director failed to report the allegations against the employee and handled the matter on her own. Both employees were terminated and the NYC Department of Education (DOE) reviewed the vendor's revised harassment plan created in response to this matter and found it acceptable. This matter is also included as an unsatisfactory VENDEX evaluation issued by the New York City Department of Health and Mental Hygiene (DOHMH) for the period ending June 30, 2009. However, since the evaluation the vendor has received 44 contracts from DOHMH with 25 good and 17 fair evaluations.

VENDEX reports one poor evaluation from the Department of Youth and Community Development (DYCD) for the evaluation period ending June 30, 2016. DYCD indicated that the poor evaluation was due to failure to achieve expected outcomes in its Supported Work Experience for at Risk Youth and Work Program and that the vendor failed to timely report projected FY'16 participant outcomes in an on-line reporting system (Capricorn). However, DYCD indicated that subsequently the vendor was placed on a Work Improvement Plan (WIP) and its performance will be monitored closely to ensure full compliance. Since the last poor evaluation from DYCD, TCCNY has received 5 excellent, 39 good, and 30 fair evaluations from DYCD on other contracts. Further, in the past three years, VENDEX reports 129 performance evaluations for TCCNY, of which 12 were excellent, 71 were good, and 46 fair. Moreover, the vendor has received a satisfactory performance evaluation on prior DOE work.

The DOE is aware of an investigation by the Queen's County District Attorney's Office that involved all of New York State Office of Children & Family Services' (OCFS) contracts. As the Queens DA found no fraud in OCFS's contracts, the case was closed and no charges were brought. However, as a result of this investigation, OCFS conducted their own audit which resulted in their finding of over \$9,000 in overbilling by TCCNY which was paid in full by the vendor.

Additionally, news reports from 2012 indicated that therapy provided by the TCCNY to one of its patients failed. The matter involved a 16 year old, who, subsequent to treatment, and along with five others in 2011 beat a young man to death while shouting anti-gay slurs. Previously, in 2010, the 16 year old was in court facing several charges and the court recommended he be placed in the Juvenile Justice Initiative, a program run by New York City Administration for Children's Services (ACS). The Child Center and ACS closed out this case in 2010, ending the youth's treatment in the program. In response to the news reports, The Child Center asserted that the reports were incorrect, and that they have a strong history successfully assisting at risk children and youth. Specifically, The Child Center indicated

that this youth had been carefully supervised as required, but that the youth and his family had not made the necessary commitment to allow for a successful outcome. In response to a DOE inquiry, The Child Center reported they assist more than 21,700 youth each year and offer services in 22 languages, and its work has regularly been audited and reviewed. In light of the continuing funding that the organization receives, its size and the number of individuals served, the DOE does not believe this incident precludes a determination that the vendor is responsible.

While the poor and unsatisfactory performance ratings were for contracts involving different services than the service to be provided under the DOE's contract, TCCNY took corrective actions to address that matter as well as the other matters reported above. Moreover, subsequently, the vendor received better performance ratings from DYCD and also has performed satisfactorily on prior work for the DOE. Accordingly, the DOE has determined TCCNY to be a responsible vendor.

**The Children's Aid Society:**

A self-reported VENDEX caution discloses that The Children's Aid Society (CAS) received a subpoena requesting documents pertaining to all persons/families receiving homemaker services from a former CAS employee. Said employee was charged with conspiracy to commit child pornography on July 24, 2013, and CAS terminated her employment the same day. CAS has cooperated with the FBI's investigation of the former employee and reports that the FBI has informed CAS that it is not a target of the investigation. The former employee eventually entered a guilty plea to conspiracy to sexually exploit children.

A negligence claim was filed against CAS after a student was injured during an after-school film class run by CAS in October 2016. The DOE and the City of New York were cited in this lawsuit and the outcome is pending.

As part of an ongoing review of child foster care agency financial records, the New York State Attorney General's (AG) office recouped \$3.8 million in Medicaid funds from more than 65 child foster care facilities. CAS was required to repay approximately \$118,000 to the AG's Medicaid Fraud Control Unit (AG-MFCU). The overpayment related to CAS billings for services provided to hospitalized children and for improper direct billing to Medicaid by transportation providers for services provided to children under CAS's care during the periods from January 1, 2003 and June 30, 2007; and July 1, 2007 and June 30, 2009. CAS has shown that the amount owed has been repaid and AG-MFCU advised that CAS has put corrective measures in place to prevent future overbilling.

A report by the New York City Special Commissioner of Investigation (SCI) dated April 17, 2015, substantiated that a 25-year-old counselor employed by the CAS had contact with two 13-year-old female students on two social media applications, Instagram and Kik. The individual is no longer employed by CAS and SCI made no recommendations regarding CAS.

CAS disclosed nine substantiated reports of client abuse or neglect associated with its foster care program. When a substantiated allegation of abuse and neglect in a foster home occurs, the Administration for Children Services (ACS) requires corrective actions and a full response from the agency, which CAS has provided in these cases.

VENDEX reports 5 poor evaluations from the Department of Youth and Community Development (DYCD) for the evaluation period ending June 2015.

- The evaluation period ending June 2015, CAS received four poor evaluations from DYCD for the Neighborhood Development Program primarily due to low enrollment and outcome numbers. The vendor implemented a Work Improvement Plan (WIP) and since this evaluation DYCD indicated that the vendor has demonstrated improvements with program services (DYCD considers a WIP to be a lesser level of performance monitoring than a corrective action plan).
- Additionally, CAS received a poor evaluation from DYCD for the OST Middle School Expansion Program due to staffing, supervision, programming and administrative concerns. CAS was placed on a CAP but was later downgraded to a WIP after the vendor showed improvements. Furthermore, for fiscal year 2016, the OST Middle School Program received a fair evaluation.

In the past 3 years, VENDEX otherwise reports 134 performance evaluations for the CAS, of which 29 were excellent, 75 were good and 30 were fair. Moreover, since the last poor evaluation from DYCD, there have been 3 excellent, 28 good and 9 fair evaluations on other DYCD contracts.

In light of the vendor's overall performance, its subsequent performance ratings from DYCD, that the poor performance rating were for contracts involving different services than the service to be provided under the DOE's contract, and its satisfactory prior DOE work, the DOE does not believe this matter precludes a determination that the vendor is responsible. Accordingly, CAS is determined to be responsible.

**The New York Foundling Hospital:**

A self-reported VENDEX caution indicates that in February 2014, The New Foundling Hospital (NYFH) entered into a settlement agreement with the New York State Attorney General (NYS AG) to resolve a Medicaid Fraud Control Unit investigation. Between 2004 and 2010, it was alleged that NYFH overbilled for the care of children when the children were absent. NYFH agreed to pay \$256,162.00, which included \$85k in penalties under the New York State False Claims Act.

In light of the size of NYFH, which generated \$129 million in revenue in 2016, and the resolution of the matter, the DOE does not believe this matter determines that the vendor is responsible. Accordingly, NYFH is determined to be responsible.

**Union Settlement Association, Inc.:**

A background check review of Union Settlement Association, Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**Wediko Children's Services, Inc.:**

A background check review of Wediko Children's Services, Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH  
SCAN-NEW YORK VOLUNTEER PARENT-AIDES ASSOCIATION, INC. TO PROVIDE CRISIS  
MANAGEMENT AND INTERVENTION SERVICES**

Annual/Total Contract Amount	Funding Source	Contract Term	Options	Estimated Options Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$80,000	Tax Levy-City Council	7/01/16 - 6/30/17	None	N/A	City Council Allocation per Section 1-03 (c) of DOE Procurement Policy & Procedures	Yes	Full Value

<b>Vendor Name &amp; Address</b>	SCAN-New York Volunteer Parent-Aides Association, Inc. 345 East 102 <sup>nd</sup> Street, Suite 301 New York, NY 10029
----------------------------------	--

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Angie Guo Senior Operations Manager Office of Safety and Youth Development	Robert J. Weiner Chief Operating Officer Office of Safety and Youth Development	Rosana Liadis Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested by the Office of Safety and Youth Development on behalf of the Arturo Toscanini School (JHS 145) and Jordan L. Mott School (JHS 22) in District 9, in the Bronx to contract with SCAN-New York Volunteer Parent-Aides Association, Inc. (SCAN) to provide crisis management services.

**DISCUSSION**

SCAN provides services aimed at reducing community violence through violence prevention work with middle school youth and collaborations with school leaders to transform a school's culture into one that promotes safety and healthy conflict resolution.

SCAN will hold a series of themed based rap sessions with participating students to discuss various issues that will articulate their thoughts and feelings. Topics included are understanding conflict, effective communication, understanding anger, handling anger, and peer mediation. They will also engage in conflict mediation workshops that will develop their literacy skills through writing, reading, oral communication and role playing; open microphone sessions where the students facilitate discussion and identify topics; family outreach and support that will strengthen the relationship between the school and parents providing empowerment skills to develop positive relations at home, as well as creative arts and recreation program where students will participate in physical education, creative arts, and health education. Sessions are offered after school 3-5 days a week for 27 weeks.

This contract is retroactive due to delays in the vendor's submission of work plans and budget documents, which required multiple rounds of revisions.

A competitive sealed bid was not done since this was a City Council discretionary grant naming the vendor and allocating a specific amount to be paid for these services.

**VENDOR RESPONSIBILITY**

VENDEX reports a poor evaluation for SCAN-New York Volunteer Parent Aides Association (SCAN-NY) from the New York City Department of Youth & Community Development (DYCD) for the evaluation period ending June 30, 2014. DYCD indicated that the poor evaluation was due to low enrollment and outcome numbers, inadequate administrative staffing and support for their program, a failure to fulfill contractual obligations for instructional hours, ineffectiveness in recruitment and a lack of retention planning for participants of SCAN-NY's Immigration Outreach Initiative program. However, DYCD indicated that the vendor provided a Work Improvement Plan and the vendor made significant improvements. Subsequently, the vendor received another contract for the same services and

received an overall fair evaluation. Since the last poor evaluation from DYCD, SCAN-NY has received 1 excellent, 30 good and 9 fair evaluations from DYCD on other contracts. Further, in the past 3 years, VENDEX otherwise reports 47 performance evaluations for SCAN-NY, of which 2 were excellent, 34 were good and 10 were fair. Moreover, the vendor has received a satisfactory performance evaluation on prior DOE work.

In September 2013, the NYC Department of Health and Mental Hygiene (DOHMH) and the NYC Administration for Children's Services (ACS) conducted an investigation into SCAN-NY based on a complaint alleging lack of supervision due to a child being scratched while playing outdoors. In December 2013, SCAN-NY received a letter from ACS reporting that the allegation was determined to be unfounded and the investigation was closed.

In May 2013, SCAN-NY received a letter and an enclosed subpoena from the New York County District Attorney's Office (NY DA) requesting all personnel files or documents relating to the employment of three former employees, for a criminal action against one of the aforementioned former employees. The letter did not disclose the nature of the investigation and the NY DA has had no further communication with SCAN-NY since the original request.

In December 2012, the NYS Office of Children and Family Services (NYS OCFS) and ACS conducted an investigation pertaining to inadequate guardianship, suspected child abuse and maltreatment against a staff member. In February 2013, SCAN-NY received a letter from ACS reporting that the allegation was determined to be unfounded and the investigation was closed.

The vendor has been under contract with the DOE since 2002 and as its performance has been satisfactory, the DOE determines that the vendor is responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH L.I.F.E. CAMPS INCORPORATED TO PROVIDE VIOLENCE PREVENTION AND INTERVENTION SERVICES**

Annual/Total Amount	Funding Source	Contract Term	Options	Estimated Options Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$80,000	Tax Levy- City Council	7/01/16 - 6/30/17	None	N/A	City Council Allocation per Section 1-03(c) of DOE Procurement Policy & Procedures	Yes	Full Value

<b>Vendor Name &amp; Address</b>	L.I.F.E. Camps, Incorporated 111-12 Sutphin Blvd. Jamaica, NY 11435
----------------------------------	---

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Angie Guo Senior Operations Manager Office of Safety and Youth Development	Robert Weiner Chief Operating Officer Office of Safety and Youth Development	Rosana Liadis Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested by the Office of Safety and Youth Development to contract with L.I.F.E. Camps, Incorporated (L.I.F.E.) to provide Crisis Management services to students at Catherine & Count Basie Middle School (MS72) and Richard S. Grossley Junior High School (JHS/IS008), both in District 28 of Queens.

**DISCUSSION**

Through L.I.F.E.'s Violence Interruption and Prevention Program, 40 students ages 11-15 will be monitored and engaged during their morning arrivals, classroom changes and at the end of the school day. L.I.F.E. will provide a series of workshops that will build students' fundamental conflict resolution skills through physical fitness, leadership development, group and one-on-one lectures, parent engagement, and multi-media in order to develop a positive outlook on their lives, develop goal setting skills and strengthen community outreach. Sessions will take place at each school two days a week including a Saturday for parent workshops. Services will also take place at the L.I.F.E. Camp Center and a three day overnight Student Leadership Retreat that includes leadership development through Yoga, outdoor activities, campfire, drumming and team building activities.

This contract is retroactive due to delays in the vendor's submission of work plans and budget documents, which required multiple rounds of revisions

A competitive sealed bid was not done since this was a City Council discretionary grant naming the vendor and allocating a specific amount to be paid for these services.

**VENDOR RESPONSIBILITY**

A background check review of L.I.F.E. Camps, Incorporated performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH  
GANGSTAS MAKING ASTRONOMICAL COMMUNITY CHANGES, INC. TO PROVIDE CONFLICT  
RESOLUTION AND PEER MEDIATION TRAINING**

Annual/Total Contract Amount	Funding Source	Contract Term	Options	Estimated Options Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$40,000	Tax Levy-City Council	7/01/16 - 6/30/17	None	N/A	City Council Allocation per Section 1-03 (c) of DOE Procurement Policy & Procedures	Yes	Full Value

<b>Vendor Name &amp; Address</b>	Gangstas Making Astronomical Community Changes, Inc. 475 Carlton Avenue, #7G Brooklyn, NY 11238
----------------------------------	---

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Angie Guo Senior Operations Manager Office of Safety and Youth Development	Robert J. Weiner Chief Operating Officer Office of Safety and Youth Development	Rosana Liadis Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested by the Office of Safety and Youth Development on behalf of the Brooklyn Bridge Academy in District 18, in Brooklyn to contract with Gangstas Making Astronomical Community Changes, Inc. (G.M.A.C.C.) as part of the Crisis Management System Initiative funded by the City Council.

**DISCUSSION**

As part of the City Council's Crisis Management Initiative, G.M.A.C.C. teaches students to communicate effectively, understand the consequences of their actions, generate and evaluate non-violence alternative solutions to problems and to co-exist with people who disagree. Groups receive training in peer mediation, with the ultimate goal of empowering students and increasing self-esteem thereby reducing the number of conflicts in the school and creating a positive environment conducive to students' academic progress. Mediation training is provided 90-120 minutes per day, three days a week for 18 weeks and the Violence Interrupting workshops take place three days a week, for one hour during lunch and afterschool. G.M.A.C.C. will provide the NYCDOE with a quarterly report that will provide student progress.

This contract is retroactive due to delays in the vendor's submission of work plans and budget documents, which required multiple rounds of revisions.

A competitive sealed bid was not done since this was a City Council discretionary grant naming the vendor and allocating a specific amount to be paid for these services.

**VENDOR RESPONSIBILITY**

A background check review of Gangstas Making Astronomical Community Changes, Inc. performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH ARC IMPACT SOLUTIONS, LLC.  
TO PROVIDE TECHNICAL ASSISTANCE TO THE EXTENDED LEARNING TIME GRANT**

Annual / Total Contract Amount	Funding Source	Contract Term	Options	Estimated Options Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$204,800	New York State Education Department (NYSED) as pass-through for U.S. Department of Education	7/01/16 - 6/30/17	None	NA	Vendor Named in Grant, per Section 1-03(b) of DOE Procurement Policy & Procedures	Yes	Full Value

<b>Vendor Name &amp; Address</b>	ARC Impact Solutions, LLC. 101 Kaydeross Park Road Saratoga Springs, NY 12866
----------------------------------	---

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Brant Douglas Director of Operations Division of Teaching & Learning	Morayo Tracey Oyemade Deputy Senior Executive Director Finance and Procurements Division of Teaching and Learning	Rosana Liadis Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested on behalf of the Division of Teaching and Learning to contract with ARC Impact Solutions, LLC. (ARC) to provide technical assistance in support of Extended Learning Time (ELT) activities at eight public schools.

**DISCUSSION**

ARC will provide everyday assistance through data analysis. ARC’s Progress Monitoring data is a key component of ELT implementation and technical assistance at eight schools, with customized actionable feedback that helps schools address areas in need of improvement. Progress monitoring will provide schools with objective feedback through data collection and observations.

This contract is retroactive due to the late arrival of ELT Funding from the NYSED and a last minute vendor change. Initially, the National Center on Time and Learning was slated to complete this work, but the organization decided to cease all forms of service delivery outside the state of Massachusetts. ARC was recommended by NYSED and has a proven track record for technical assistance regarding school scheduling and extended learning time. Further, ARC has its roots in New York State, and its founder has worked in many upstate school counties for years.

A competitive sealed bid was not conducted for this procurement and a contract for these services is necessary because the DOE included this vendor in a competitive grant application that was approved by NYSED. To have the services provided by another party or for a different amount than stated above would be contrary to the grant award from NYSED. Pricing for the contracted services was established as part of the grant submission and award.

**VENDOR RESPONSIBILITY**

A background check of ARC Impact Solutions, LLC. performed by the New York City Department of Education, which included various DOE files, VENDEX, and federal and state databases found no significant adverse information. Moreover, the Division of Teaching and Learning has confirmed that this vendor has provided satisfactory service under previous contracts. ARC Impact Solutions, LLC. has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH THE BANK STREET COLLEGE OF EDUCATION IN SUPPORT OF THE DROPOUT PREVENTION INITIATIVE**

Annual / Total Contract Amount	Funding Source	Contract Term	Options	Estimated Options Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$250,000	Tax Levy-City Council	7/01/16 - 6/30/17	None	N/A	City Council Allocation per Section 1-03 (c) of DOE Procurement Policy & Procedures	Yes	Full Value

<b>Vendor Name &amp; Address</b>	Bank Street College of Education 610 West 112 <sup>th</sup> Street New York, NY 10025
----------------------------------	---

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Angie Guo Senior Operations Manager Office of Safety and Youth Development	Robert J. Weiner Chief Operating Officer Office of Safety and Youth Development	Rosana Liadis Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested to contract with the Bank Street College of Education (Bank Street) to provide services through its Liberty LEADS dropout prevention program at selected New York City public schools.

**DISCUSSION**

The Liberty LEADS program empowers underrepresented youth to become lifelong learners and community role models by helping them attain higher levels of education and leadership roles, thereby creating a positive future for themselves and others. The program offers students high-quality educational options and a safe environment where they can overcome academic and social-emotional obstacles to achieve success. Students have access to a wide range of academic resources, college preparatory courses, counseling, mentoring, and enrichment activities.

The Liberty LEADS program provides services to 245 students in grades 5 through 12 at 40 public schools. Students are eligible for admission if they have one of several risk factors, including poor academic performance, school attendance, or behavior; family or peers with a history of dropping out; negative changes in family life; a history of child abuse or neglect, foster care or homelessness, or substance abuse; limited English proficiency; teenage pregnancy or parenting; negative peer pressure; and other documented factors. Five major program components ensure that students and families remain active and engaged in all programming: Academic Support/Skills Remediation, Academic Enrichment/Engagements, Counseling/ Social Emotional Learning, Leadership Activities, and Family Engagement/Support. Classes occur over 22 weeks, after school Monday through Friday. Saturday academy with two to five classes of academic advisement, college prep counseling and individual and family crisis intervention is also offered. Bank Street will provide the DOE with a Liberty LEADS report detailing the programs accomplishments at the end of the 2016-2017 academic school year.

This contract is retroactive due to delays in the vendor's submission of work plans and budget documents, which required multiple rounds of revisions.

A competitive sealed bid was not done since this was a City Council discretionary grant naming the vendor and allocating a specific amount to be paid for these services.

**VENDOR RESPONSIBILITY**

A background check review of Bank Street College of Education performed by the New York City Department of Education, which includes various DOE files, VENDEX and Federal and State databases found no significant adverse information. The vendor has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH ST. FRANCIS COLLEGE  
TO PROVIDE EDUCATIONAL SUPPORT TO ARMED FORCES VETERANS**

Annual / Total Contract Amount	Funding Source	Contract Term	Options	Estimated Total Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$242,000	Federal Grant	One Year 5/15/17 - 5/14/18	None	N/A	Vendor named in Grant, per Section 1-03(b) of DOE Procurement Policy & Procedures	Yes	Full Value

<b>Vendor Name &amp; Address</b>	St. Francis College (SFC) 180 Remsen Street Brooklyn, NY 11201
----------------------------------	--

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Peter Ianniello, Ph.D. Executive Director HR School Programs Division of Human Resources	Stacey A. Frazier Deputy Director, Budgets & Grants Division of Human Resources	Rosana Liadis Procurement Analyst Central Office Procurement

**PURPOSE**

Authorization is requested by NYCDOE Division of Human Resources (HR) to contract with St. Francis College (SFC) to provide educational support to veterans through the national Troops-To-Teachers (TTT) program supported by the Defense Activity for Non-Traditional Education Support (DANTES). This program will recruit veterans with an interest in becoming teachers and facilitate employment through pre-employment training, academic advisement, and social/personal development. The program focuses on both those with a bachelor's degree and those without a bachelor's degree.

**DISCUSSION**

The partnership between NYCDOE and SFC will focus on the transition of veterans into teachers. The first group of undergraduate veterans working toward a bachelor's degree will be considered part of a specialized cohort through the NYCDOE Career Training Program. Through this program, participants will be employed as substitute teacher assistants and trained for full time employment. Once employed in a full-time capacity, NYCDOE will pay for up to 18 college credits per year toward a bachelor's degree and will continue through the undergraduate education program at SFC. The second group of veterans include those who have attained a bachelor's degree, but do not have the requisite courses and requirements to become a New York State teacher. They will be employed by the NYCDOE as substitute paraprofessionals and prepared for full-time employment. Once employed in full-time capacity, the NYCDOE will pay for up to 12 credits of education courses taken through SFC to expedite teaching certification. Specific educational requirements will be provided by the NYCDOE and SFC, for individualized evaluations.

NYCDOE currently has a program with two cohorts of 40 veterans. During this expanded program, veterans signed up for TTT will increase by up to 100 and will be on track to secure full-time teaching positions with a focus in areas such as Special Education, Science, Math and English as Second Language in New York City public schools grades K-12.

Veterans will be required to attend conferences, seminars, and classes on effective methodologies, classroom management, lesson planning assessment and motivational techniques. Additionally, once accepted to SFC veterans will receive counseling from professionals trained to work with Post Traumatic Stress Disorder (PTSD).

A competitive sealed bid was not performed because Department of the Navy, NAVSUP Fleet Logistics Center San Diego (Federal Agency) specifically names the NYCDOE in the grant. The NYCDOE will subcontract with SFC in the amount of \$242,000. Pricing for the contracted services was established as part of the grant submission and award.

The contract is retroactive due to administrative delays during the grant application and notification of award was not received until April 2017.

**VENDOR RESPONSIBILITY**

A background check of St. Francis College performed by the New York City Department of Education, which included various DOE files, VENDEX, and federal and state databases, found no significant adverse information. Moreover, the Division of Human Resources has confirmed that this vendor has provided satisfactory service under previous contracts. SFC has therefore been determined to be responsible.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH CHARTER PROVIDERS OF EARLY CHILDHOOD EDUCATION SERVICES FOR FOUR-YEAR-OLDS IN THE UNIVERSAL PREKINDERGARTEN (UPK) PROGRAM - R1173**

Estimated Annual / Total Contract Amounts	Funding Source	Contract Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
\$635,250.00 / \$1,755,750.00	New York State Education Department (NYSED), Tax Levy	Three Years	Options to Extend for Two 1-Year Periods or One 2-Year Period	\$1,120,500.00	Government-to-Government Purchases per Section 3-14 of DOE Procurement Policy & Procedures	Yes	Requirements

<b>Vendor Name &amp; Address</b>	See table below.
----------------------------------	------------------

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Jacqueline Chu Executive Director, Field Operations Division of Early Childhood Education	Xanthe Jory Executive Director of Expansion, Policy, and Performance Division of Early Childhood Education	Angela Edwards Chief Administrator Central Office Procurement

**PURPOSE**

Authorization is requested to contract with the vendors listed in the table below to provide high-quality instructional programming as part of the Full-Day Charter Universal Prekindergarten (UPK) program.

**DISCUSSION**

In 1997, the New York State Education Department (NYSED) established the Universal Prekindergarten program (UPK), which entitles eligible four-year-olds to receive 2 hours and 30 minutes of instructional programming for 180 days at no charge to families. In March 2014, the State legislature approved a \$300 million grant to expand full-day pre-kindergarten access in New York City. The legislation allows for high-quality UPK programs to be awarded new full-day UPK seats or to convert existing half-day seats to full-day seats.

The UPK program operates citywide in public and non-public school settings. Achieving universal access to prekindergarten services depends on the partnerships that link community-based organizations with the New York City public school system. The City of New York is continuing to implement Pre-K for All, a truly UPK system in New York City that provides every age-appropriate child with free, full-day, high-quality Pre-K.

Additionally, New York State Education Law provides for a Statewide Universal Prekindergarten Program and contracts for these services are necessary. As such, a solicitation was released on December 21, 2016, seeking to identify and award eligible high-quality early childhood providers who are willing to collaborate with the DOE's Division of Early Childhood Education (DECE) to implement the Pre-K for All program specifically in charter schools in New York City. This RFP was open to providers with existing kindergarten programs for five-year olds at their sites and plan to offer Pre-K for All, with the expectation that Pre-K for All students will enroll in their existing kindergarten program as five-year olds. The deadline for the submission of proposals was January 25, 2017.

Only vendors in charter schools within the five boroughs of New York City with the capacity to provide full-day UPK services were solicited. New York State defines charter schools as independent and autonomous public schools and political subdivisions. The procurement of charter school full-day UPK services otherwise followed the Request for Proposals (RFP) process for selecting vendors because these services are administered directly to children and must be evaluated using qualitative criteria.

DECE performed a needs analysis to determine areas to target for full-day seats Citywide. DECE measures this seat gap by evaluating the difference between the estimated number of students of Pre-K age in each district and zone, and the number of Pre-K seats available.

Of the 13 proposals received in HHS Accelerator, 4 were evaluated after removing non-responsive proposals during the responsiveness checks. Additional sites will be included in subsequent RAs. Contracts for these services are necessary because the DOE does not possess the personnel to perform them.

The program provides at least 180 days of full-day Pre-K for All services, including at least 176 days of instruction and four days of professional development for teachers. Providers must operate five days (Monday to Friday) in a typical week, and provide a minimum of 6 hours and 20 minutes and a maximum of 7 hours of Pre-K for All services each day. Providers may request approval from the DECE field offices to operate 6 days per week in a typical week (Monday through Friday and either Saturday or Sunday) and/or to operate for fewer than 6 hours and 20 minutes per day.

DECE convened evaluation committees consisting of DECE field office Pe-K for All instructional and operational personnel to evaluate proposals under their guidance, as well as consultants with extensive experience in early childhood education. Proposals were scored using the following evaluation criteria:

RESPONSE CATEGORY	MAXIMUM POINTS
Vision & Organizational Capacity	11
Effective School Leadership and Collaborative Teachers	23
Rigorous Instruction	36
Strong Family-Community Ties	19
Supportive Environment	11
<b>TOTAL POINTS</b>	<b>100</b>

All vendors in areas where additional seats are needed who met the minimum qualifications, scored at or above the 55 points, proposed a viable site, and presented fair and reasonable prices are recommended for award. In areas where the capacity of vendors exceeded the estimated demand for services, awards were made based on vendor scores.

While price is not an evaluation criteria, contract awards were subjected to successful budget negotiations between the DOE and proposers based on fair and reasonable pricing per student. DECE negotiated budgets, inclusive of cost-per-child and any proposed start-up funding (materials, furniture, and/or construction) with vendors recommended for award. Proposers' program expenditures were subject to review to ensure that actual expenditures were consistent with the approved budgets. The negotiated cost-per-child is the amount charged for the entire term of the contract.

The UPK full-day expansion allows for limited start-up funds for programs beginning new full-day programs. Vendors requiring start-up funds were offered additional resources outside of their negotiated per child rate for the first year of their contract. These funds will support facilities improvements necessary for their required Department of Health and Mental Hygiene permit, other small upgrades, or for furniture and other materials for their new classrooms.

This contract is retroactive because the time required to complete health and safety reviews and/or budget reviews, delayed it's processing.

**VENDOR RESPONSIBILITY**

New York State defines charter schools as independent and autonomous public schools and political subdivisions. On the basis of their state authorization as charter schools, background checks are not required.

Vendor	Site District	Site ID	Geographic Borough	Site Zip Code	Awarded # of Full-Day Seats	Negotiated Cost per Child for Full-Day Seats	Negotiated Annual Contract Amount for Full-Day Seats	Start-up costs for furniture and materials	Start-up costs for facilities/permits	Highest Annual Amount	Total 3-Year Contract Amount

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH REMI GROUP LLC FOR AVAYA PRIVATE BRANCH EXCHANGE (PBX) MAINTENANCE SERVICES**

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
\$250,022	Tax Levy	July 1, 2017 – June 30, 2018	None	City (DCAS) Contract, per DOE Procurement Policy & Procedures Section 3-11	Yes	Requirements

<b>Vendor Name &amp; Address</b>	The Remi Group LLC 11325 N Community House Road, Suite 300 Charlotte, NC 28277
----------------------------------	--

Contract Manager / Lead Contracting Officer	Division of Contracts & Purchasing Contact
Mark Spencer Director Division of Instructional and Information Technology	Kesse Wallace Procurement Analyst Division of Contracts and Purchasing

**PURPOSE**

Authorization is requested to use the Department of Citywide Administrative Services (DCAS) contract with The Remi Group LLC for maintenance of Avaya, Inc. Private Branch Exchange (PBX) installations throughout NYC Department of Education (DOE) buildings.

**DISCUSSION**

DOEs' Office of Telecommunications within the Division of Instructional and Information Technology (DIIT) is responsible for providing PBX, an on-premises business telephone system that connects the callers from internal telephones within a business as well as those on public carriers such as AT&T and Verizon for external calls. The PBX's also link internal telephones to data transmission technologies that move voice traffic over data networks.

Previously, DOE received Avaya PBX maintenance through a New York State Office of General Services (OGS) mini-bid contract. Avaya was selected to provide basic PBX maintenance, as well as moves, adds, and changes (MACs) and peripherals maintenance for the DOE's central administrative office buildings in downtown Brooklyn. This contract is necessary to continue to meet the varied and specialized needs entailed in maintaining several proprietary telecommunications systems still in use in these central office buildings.

Remi is currently offering the DOE a 27% percent discount off their standard maintenance rates and has confirmed that these prices are current and equal to those offered to other NYC agencies for the same or similar services. On this basis, pricing has been determined to be fair and reasonable.

**VENDOR RESPONSIBILITY**

Remi has a current contract with DCAS and was found to be responsible by DCAS. DOE is relying upon that determination as it is accessing Remi's services through DCAS's contract with the vendor.

**REQUEST FOR AUTHORIZATION TO CONTRACT WITH NY GO EXPRESS INC., d/b/a GO EXPRESS, TO PROVIDE TRUCKING SERVICES WITH DRIVERS AND LABOR**

**PURPOSE**

Authorization is requested on behalf of the Division of School Facilities to contract with NY Go Express Inc. d/b/a Go Express to provide vehicles and personnel for the pick-up and delivery of mechanics' materials and supplies (e.g., floor tile, doors, radiators).

**DISCUSSION**

The DOE utilized the previous Department of Citywide Administrative Services (DCAS) contract from 2012 until it expired on February 23, 2017 and would like to continue to do so with this replacement DCAS contract through February 23, 2022 and any extension options.

DCAS originally procured these services through a competitive Request for Bids (RFB) in response to which four bids were received.

The contract's unit pricing was determined to be fair and reasonable and will remain in effect with price adjustments correlated to the Consumer Price Index, in accordance with the original contract's terms and conditions. All other terms and conditions of the base contract will remain the same.

**VENDOR RESPONSIBILITY**

DCAS has determined that NY Go Express Inc. d/b/a Go Express is responsible and is in good standing. Additionally, a recent review of Go Express's background using various DOE files, VENDEX, and federal and State databases, found no significant adverse information. The vendor has therefore been determined to be responsible.
