

EXHIBIT 12

9. According to the DOE's Educational Impact Statement (EIS), if the co-location were to occur, up to 175 additional students will be in the building. The presence of 175 more students will be loud and distracting. I fear it will be too much for my son as well as for many of the other students. The co-location will disrupt the school's current atmosphere and make it difficult for students to succeed.

10. I am also concerned the co-location will cause my son to stop attending school. My son does not like school and has a history of attendance issues. However, he likes the quiet environment at Brownsville. I fear that if Brownsville is no longer quiet, he will stop attending school.

11. My son currently attends Saturday School, and I anticipate that he will attend summer school. The EIS fails to specifically address the summer and Saturday school programs and whether they will continue.

12. If the proposed co-location were to occur, I am concerned that there will not be adequate space or resources to continue these programs. The EIS does not mention the existence of these programs, nor makes any plan for their continuance. I am concerned that my son will no longer get the resources he needs.

him to graduate.

4. My daughter recommended that my son attend Brownsville because her friend, who struggled with similar issues as my son, went on to successfully graduate from Brownsville.

5. Accordingly, my son enrolled in Brownsville in January of 2023.

6. The DOE proposed to re-site Aspirations Diploma Plus to K907, Brownsville's current building.

7. I oppose to the co-location proposal for many reasons.

8. The presence of a new school in the building will be disruptive to my son's learning. The quiet setting of Brownsville makes my son feel comfortable.

9. According to the DOE's Educational Impact Statement (EIS), if the co-location were to occur, up to 175 additional students will be in the building. The presence of 175 more students will be loud and distracting. I fear it will be too much for my son as well as for many of the other students. The co-location will disrupt the school's current atmosphere and make it difficult for students to succeed.

10. I am also concerned the co-location will cause my son to stop attending school. My son does not like school and has a history of attendance issues. However, he likes the quiet environment at Brownsville. I fear that if Brownsville is no longer quiet, he will stop attending school.

11. My son currently attends Saturday School, and I anticipate that he will attend summer school. The EIS fails to specifically address the summer and Saturday school programs and whether they will continue.

12. If the proposed co-location were to occur, I am concerned that there will not be adequate space or resources to continue these programs. The EIS does not mention the existence of these programs, nor does it make any plan for their continuance. I am concerned that my son will no longer get the resources he needs.

For the above reasons, I submit this affidavit in support of the Verified Petition and in opposition to the proposed co-location of Brownsville.
